

# ROLL PIN PUNCH SET - BROWNELLS STANDARD ROLL PIN PUNCH BENCH SET

[Gunsmith Tools](#) > [General Gunsmith Tools](#) > [Punches](#)

## Remove & Install Roll Pins The Professional Way

We combined 19 of our most popular roll pin punches and added a handy bench block to come up with the perfect punch set for the busy shop or department armor. Easily start, remove, and install spring pins and roll pins in firearms without damage to the pin or firearm. Features (5) holder punches, (7) starter punches, and (7) standard punches that can easily handle any job out there. Made from solid steel, with parallel-ground shanks and knurled handles. Also includes a non-marring, nylon drift punch that won't damage or scrape delicate surface finishes. Machined, Delrin® bench block holds and organizes all the punches for easy access. Holder punches cup and hold roll pins, keeping them aligned for easy starting without pinching or binding. Especially good on the tiny, hard-to-grab ones, or those in tight places. Features a 1/16" diameter punch that is notched to clear the M16/AR-15 rear sight, plus a 3.5mm diameter punch for holding the pin that retains the breech block on Sig handguns. Finish driving with a standard roll pin punch. Starter punches are used to start the removal of roll or spring pins without causing damage to the pins or the punch. Short shaft gives more control by putting your hand closer to the pin and prevents bending the longer, standard roll pin punches. Standard punches are used to finish drive the roll pin or spring pin after it's started. Starter and standard roll pin punches feature a special tip that centers inside the hollow pin to help prevent slippage. Complete set includes bench block, also available separately.

# ROLL PIN PUNCH SET BROWNELLS ROLL PIN PUNCH BENCH SET Safety Instructions

## Introduction

Thank you for purchasing the ROLL PIN PUNCH SET from Brownells. This product is designed to assist you in safely starting, removing, and installing roll pins and spring pins in firearms. Please read these safety instructions carefully to ensure proper use and avoid any potential hazards.

## General Safety Guidelines

- Always handle all tools with care to prevent injury.
- Keep the work area clean and welllit to avoid accidents.
- Ensure that the ROLL PIN PUNCH SET is used only for its intended purpose.
- Store the punch set in a safe place, out of reach of children and vulnerable individuals.
- Inspect the tools for any damage before use. Do not use damaged tools.
- Always wear appropriate personal protective equipment (PPE), such as safety glasses, when using the punch set.

## Specific Safety Precautions for Use

- Use the holder punches to cup and hold roll pins securely, preventing them from slipping or binding.
- When using starter punches, apply gentle pressure to start the removal of roll or spring pins without damaging the pins.
- Always use the correct diameter punch for the pin being worked on to avoid slipping and potential injury.
- Avoid using excessive force when driving pins; if resistance is met, reassess the alignment and fit of the punch.
- Be cautious when working in tight spaces; ensure your hands and fingers are clear of the tool path.
- Do not attempt to modify the punches or the bench block in any way, as this may compromise safety.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure the work area is clean and organized.
- Gather all necessary tools and the ROLL PIN PUNCH SET.

### 2. Using the Holder Punches:

- Select the appropriate holder punch based on the diameter of the roll pin.
- Position the holder punch over the roll pin, ensuring it is aligned properly.
- Apply slight pressure to secure the roll pin in place.

### 3. Using the Starter Punches:

- Choose the correct starter punch size for the pin.
- Align the starter punch with the pin and gently tap it to begin removal.
- Continue to apply light taps until the pin is loosened.

### 4. Using the Standard Punches:

- Once the pin is started, switch to a standard punch to drive it fully out.
- Ensure the punch is centered within the pin and apply steady pressure.

## **5. Using the Bench Block:**

- Place the Delrin bench block on a stable surface.
- Use the bench block to hold and organize the punches for easy access.
- Ensure that all punches are returned to the bench block after use.

## **Disposal Instructions**

- Dispose of any damaged or worn tools in accordance with local regulations.
- Do not dispose of the tools in regular household waste. Consider recycling options where available.
- Ensure that any components that may pose a hazard to children or pets are disposed of safely.

## **Contact Information for Further Support**

For any questions or concerns regarding the ROLL PIN PUNCH SET, please refer to the product packaging or visit the manufacturer's website for additional resources and support.

By following these safety instructions, you can ensure a safe and effective experience with your ROLL PIN PUNCH SET. Always prioritize safety and proper usage to protect yourself and others around you.
