## Remove & Install Pins, Align Holes, Stake Sights; Twenty Punches In All

This deluxe punch set gives you a versatile selection of 20 punches to easily start, remove and install pins, align holes, plus drift and stake sights without marring the part or firearm finish. We combined alignment punches, flat tip mini punches, starter punches, a nylon drift punch, and a center and prick punch with our most popular pin punches, then added a machined Delrin® bench block to hold and organize them all for easy access. Punches are constructed of hardened steel with parallel-ground shanks and either knurled or hexagonal handles. The nylon drift punch is solid nylon and can be shaped for your specific application. Alignment punches feature a tapered pin with a working length almost 3" long to help ensure a tight fit with any size diameter hole size between the minimum and maximum outside diameter of the punch. Each punch minimum diameter overlaps slightly with the next larger punch to prevent any possible gaps in hole coverage. Mini punches are small diameter punches with a flat tip that provide excellent control because of their short length. Ideal for precision work and tight spots where a full-length punch just won't fit. Use the starter punches to start the removal of roll or spring pins without causing damage to the pins or the punch. Short shafts give more control by putting your hand closer to the pin and prevents bending the longer, standard roll pin punches. Prick punch has a fine, sharp point for marking spots before center punching and staking sights. Gives better visibility and more precision to your marking. Use the center punch after the prick punch to deepen the mark for precision drilling. The pin punches are used after the starter punch to finish drive the roll pin or spring pin. Bench block is also available separately.

## Attributes

# Safety Instruction Guide for the DELUXE PUNCH BENCH SET

## Introduction

Thank you for choosing the DELUXE PUNCH BENCH SET by BROWNELLS. This product is designed to provide you with a versatile selection of tools for various tasks involving pins and sights. To ensure your safety and the effective use of this product, please read and follow these safety instructions carefully.

## General Safety Guidelines

- Always use the punch set in accordance with the manufacturer's instructions.
- Inspect all tools before use to ensure they are in good condition. Do not use damaged tools.
- Keep the work area clean and organized to prevent accidents.
- Store the punch set in a safe place, out of reach of children and pets.
- Wear appropriate personal protective equipment (PPE) such as safety glasses and gloves during use.
- Be aware of your surroundings and ensure that no one is in the immediate area when using the punch set.

## Specific Safety Precautions for Use

- Use the correct punch size for the specific application to avoid damaging the pins or the workpiece.
- Avoid applying excessive force when using punches to prevent breakage or injury.
- Ensure that the punch is aligned properly with the pin or hole to avoid slipping.
- Do not use the punch set for any purpose other than its intended use.
- If you are inexperienced or unsure about using the punch set, seek guidance from a qualified individual.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools and materials before starting your project.
- Ensure that your work area is welllit and free from distractions.

### 2. Using the Punches:

- Select the appropriate punch for your task. Refer to the specifications for diameter and length.
- For alignment punches, ensure the tapered pin is inserted into the hole before applying force.
- Use starter punches to initiate the removal of roll or spring pins. Apply gentle pressure to avoid damaging the pins.
- For precision drilling, use the prick punch to mark the spot, followed by the center punch to deepen the mark.
- After marking, use the appropriate pin punch to drive the pin to its final position.

### 3. Using the Bench Block:

- Place the Delrin bench block on a stable surface to hold the punches securely.
- Use the bench block to organize your tools for easy access during your work.

## Disposal Instructions

- Dispose of any damaged or broken punches responsibly. Check local regulations for disposal of metal items.

- If the punches are no longer usable, consider recycling them at a local metal recycling facility.
- Dispose of packaging materials in accordance with local waste management regulations.

## **Contact Information for Further Support**

For any safety inquiries or additional support regarding the DELUXE PUNCH BENCH SET, please refer to the manufacturer's contact details provided with the product packaging.

By following these safety instructions, you can ensure a safe and effective experience with your DELUXE PUNCH BENCH SET. Always prioritize safety and consult the guidelines whenever needed.
