Remove & Install Pins, Align Holes, Stake Sights; Twenty Punches In All

This deluxe punch set gives you a versatile selection of 20 punches to easily start, remove and install pins, align holes, plus drift and stake sights without marring the part or firearm finish. We combined alignment punches, flat tip mini punches, starter punches, a nylon drift punch, and a center and prick punch with our most popular pin punches, then added a machined Delrin® bench block to hold and organize them all for easy access. Punches are constructed of hardened steel with parallel-ground shanks and either knurled or hexagonal handles. The nylon drift punch is solid nylon and can be shaped for your specific application. Alignment punches feature a tapered pin with a working length almost 3" long to help ensure a tight fit with any size diameter hole size between the minimum and maximum outside diameter of the punch. Each punch minimum diameter overlaps slightly with the next larger punch to prevent any possible gaps in hole coverage. Mini punches are small diameter punches with a flat tip that provide excellent control because of their short length. Ideal for precision work and tight spots where a full-length punch just won't fit. Use the starter punches to start the removal of roll or spring pins without causing damage to the pins or the punch. Short shafts give more control by putting your hand closer to the pin and prevents bending the longer, standard roll pin punches. Prick punch has a fine, sharp point for marking spots before center punching and staking sights. Gives better visibility and more precision to your marking. Use the center punch after the prick punch to deepen the mark for precision drilling. The pin punches are used after the starter punch to finish drive the roll pin or spring pin. Bench block is also available separately.

Attributes

DELUXE PUNCH BENCH SET SAFETY INSTRUCTIONS

Introduction

Thank you for choosing the DELUXE PUNCH BENCH SET from BROWNELLS. This versatile punch set is designed to assist you in starting, removing, and installing pins, aligning holes, and drifting or staking sights on firearms without damaging the finish. To ensure your safety and the longevity of the product, please read and follow these safety instructions carefully.

General Safety Guidelines

- Always use the DELUXE PUNCH BENCH SET in accordance with the manufacturer's instructions.
- Ensure that your workspace is clean and welllit to avoid accidents.
- Store the punch set in a safe place, out of reach of children.
- Regularly inspect the punches for any signs of wear or damage before each use.
- Do not use damaged or worn punches, as they may break and cause injury.
- Always wear appropriate personal protective equipment (PPE), such as safety glasses, when using the punch set.
- Keep hands and other body parts clear of the punch area to avoid injury during use.
- Do not apply excessive force when using the punches; this may lead to breakage or injury.

Specific Safety Precautions for Use

- **Alignment Punches:** Ensure the tapered pin fits snugly into the hole before applying force. Do not force the punch if it does not fit properly.
- **Mini Punches:** Use these punches in tight spaces where larger punches cannot fit. Ensure you have a firm grip to maintain control.
- **Starter Punches:** Use these to initiate the removal of roll or spring pins. Be cautious to avoid damaging the pins or the punch.
- **Prick Punch:** Use the fine point for marking spots before using the center punch. Ensure the punch is stable to prevent slipping.
- **Center Punch:** After marking with the prick punch, use the center punch to deepen the mark for drilling. Ensure the punch is aligned properly.
- **Pin Punches:** Use these after starter punches to finish driving the pins. Ensure the punch is seated correctly in the pin before striking.
- **Bench Block:** Use the Delrin bench block to hold punches securely while working. Ensure it is placed on a stable surface.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and the punch set.
- Ensure your work area is organized and free from distractions.

2. Using the Punch Set:

- Select the appropriate punch for your application based on size and type.
- Align the punch with the hole or pin you wish to work on.
- Hold the punch firmly and strike it gently with a hammer or mallet.
- For alignment punches, ensure a snug fit before applying force.
- If resistance is felt, stop and reassess the fit before continuing.

3. PostUse Care:

- Clean the punches after use to remove any debris or residue.
- Store the punch set in the provided bench block to keep it organized and protected.
- Regularly check for any signs of damage and replace if necessary.

Disposal Instructions

- Dispose of any damaged punches in accordance with local regulations for metal waste.
- Do not dispose of the product in regular household waste. Consider recycling options where available.
- Ensure that all components are disposed of in a safe manner to prevent any potential hazards.

Contact Information for Further Support

For any inquiries regarding the DELUXE PUNCH BENCH SET, please refer to the manufacturer's website or customer service for assistance.

Thank you for your attention to these safety instructions. Enjoy using your DELUXE PUNCH BENCH SET safely and effectively!
