

STOCK INSERTS - BROWNELLS BRASS SLING STUD INSERTS WITH SWIVEL STUDS 2 PACK

[Shooting Accessories](#) > [Slings & Sling Swivels](#) > [Sling Swivel Studs](#)

Secure Mounting Of Sling Studs, Recoil Pads & Triggerguards In Wood Or Synthetic Stocks

CNC machined, threaded brass bushings provide added strength and security for screwing down sling studs, recoil pads, and triggerguards in wood, composite, and fiberglass stocks. Lets you turn a screw in tight without the worry of stripping it out of the stock material. Heavily knurled on the outside to hold plenty of epoxy bedding for a rock-solid grip between the insert and stock.

Safety Instruction Guide for Brownells Sling Stud Inserts, 2 Pack

Introduction

Thank you for choosing the Brownells Sling Stud Inserts. This guide provides important safety instructions and guidelines to ensure the safe and effective use of the product. Please read this guide carefully before use.

General Safety Guidelines

- Always follow the manufacturer's instructions for installation and use.
- Keep the product out of reach of children to prevent accidental injury.
- Inspect the product regularly for wear or damage before each use.
- Report any unsafe products or accidents to the relevant authorities.
- Stay informed about product recalls through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Ensure that the sling stud inserts are compatible with your firearm and stock material.
- Do not exceed the recommended torque specifications when installing the inserts.
- Avoid using damaged or worn inserts, as they may compromise safety.
- Use appropriate tools for installation to prevent injury or damage to the stock.
- Wear safety glasses when working with tools to protect your eyes from debris.

Instructions for Installation and Usage

1. Preparation

- Gather all necessary tools, including a screwdriver and epoxy bedding compound.
- Ensure the work area is clean and welllit.

2. Installation Steps

- Identify the location on the stock where the sling stud insert will be installed.
- Use a drill to create a pilot hole if necessary, following the recommended size for the insert.
- Apply a small amount of epoxy bedding to the outside of the insert to enhance grip.
- Carefully screw the insert into the pilot hole, ensuring it is aligned properly.
- Tighten the insert securely without overtorquing, which may strip the threads.
- Allow the epoxy to cure fully as per the manufacturer's instructions before attaching any accessories.

3. Usage

- Once installed, attach the sling stud or other accessories as needed.
- Regularly check the tightness of the sling stud during use, especially after heavy use or recoil.

Disposal Instructions

- Dispose of any unused or damaged inserts in accordance with local regulations.
- Do not dispose of the product in household waste. Check for recycling options in your area.

Contact Information for Further Support

For any inquiries or further assistance regarding the Brownells Sling Stud Inserts, please refer to the manufacturer's website or customer service resources. Ensure that you have the product details handy for efficient support.

By following these guidelines, you can ensure the safe and effective use of your Brownells Sling Stud Inserts. Thank you for prioritizing safety in your firearm accessories.
