## Complete System Ensures Thorough Cleaning To Keep Your AR Functioning Reliably

Brownells has teamed up with M-Pro 7 to develop this cleaning kit specifically for maintaining an AR-type rifle in peak operating condition. Now you can clean your AR using the same operationally tested products used by the United States Armed Forces. Inside the kit's compact hardshell case you'll find M-Pro 7 Gun Cleaner that safely penetrates deep beneath even tough, scorched-on carbon fouling to lift away the gunk and leave the bore sparkling clean. M-Pro 7 Gun Oil LPX delivers superior lubrication and corrosion protection, and can also be used for quick cleaning on the go, when there isn't enough time for the complete cleaning routine. You get a military-style multi-section steel cleaning rod with a folding handle, plus five high-quality bronze brushes to clean ARs in the standard .223/5.56mm and .308/7.62mm calibers, as well as 9mm and .45 chamberings, plus a brush for cleaning the bolt carrier way—critical for maintaining reliable weapon cycling. There's plenty of absorbent cotton flannel patches in three sizes to fit all those calibers, plus the M-Pro 7 Weapons Maintenance Guide. Due to its non-hazardous and non-flammable contents, this kit meets TSA regulations for legal transport in checked baggage aboard commercial airliners.

## Attributes

- Name: [M-PRO 7® CLEANING KIT FOR AR-15/M16-AR-308](#)
- Manufacturer: [BROWNELLS](#)
- Product no.: 080000686

## SAFETY INSTRUCTION GUIDE

### Introduction

Thank you for choosing the AR15/M16/308 AR MPRO 7® Cleaning Kit. This kit is specifically designed for maintaining your ARtype rifle in peak operating condition. To ensure safe and effective use of this product, please read and follow the safety instructions outlined in this guide.

### General Safety Guidelines

- Always follow the manufacturer's instructions when using this cleaning kit.
- Keep the cleaning kit out of reach of children and vulnerable individuals.
- Use the cleaning products in a wellventilated area to avoid inhalation of fumes.
- Avoid contact with eyes and skin. If contact occurs, rinse thoroughly with water and seek medical attention if irritation persists.
- Do not ingest any of the products in this kit. If ingested, seek medical attention immediately.
- Ensure that all components of the cleaning kit are stored securely to prevent accidental spillage or misuse.
- Regularly check for updates on product safety and recalls through the EU Safety Gate platform.

### Specific Safety Precautions for Use

- **Gun Cleaner and Gun Oil LPX:**
  - Use gloves when handling to prevent skin irritation.
  - Do not mix with other chemicals or cleaning agents.
  - Store in a cool, dry place away from direct sunlight and heat sources.
- **Cleaning Rod and Brushes:**
  - Use the cleaning rod with care to avoid damaging the bore of the rifle.
  - Ensure that brushes are free from debris before use.
  - Do not use excessive force when scrubbing to prevent damage.
- **Cotton Flannel Patches:**
  - Dispose of used patches properly to avoid fire hazards.
  - Do not leave used patches lying around; keep them in a secure container until disposal.
- **Weapons Maintenance Guide:**
  - Follow the guidance provided in the maintenance guide for best practices.
  - Keep the guide accessible for reference during cleaning.

### Instructions for Installation and Usage

#### 1. Preparation:

- Ensure the rifle is unloaded and in a safe condition before cleaning.
- Gather all components of the cleaning kit in a welllit and ventilated area.

#### 2. Using the Gun Cleaner:

- Shake the Gun Cleaner bottle well before use.
- Apply the cleaner to the bore and let it penetrate for a few minutes.
- Use a cleaning rod with a brass brush to scrub the bore gently.

### **3. Applying Gun Oil LPX:**

- After cleaning, apply a few drops of Gun Oil LPX to the moving parts of the rifle.
- Wipe off excess oil with a lintfree gun cloth.

### **4. Cleaning the Bolt Carrier:**

- Use the bronze bolt way cleaning brush to clean the bolt carrier way.
- Ensure all carbon fouling is removed to maintain reliable cycling.

### **5. Using Cotton Flannel Patches:**

- Attach a cotton flannel patch to the patch loop.
- Use the patch to wipe down the bore and other areas of the rifle.

### **6. Final Steps:**

- Once cleaning is complete, reassemble the rifle and ensure it is in safe working order.
- Store all cleaning kit components securely in the polycarbonate box.

## **Disposal Instructions**

- Dispose of any unused or expired cleaning products according to local regulations.
- Used cotton flannel patches should be placed in a firesafe container until they can be disposed of properly.
- Check local guidelines for the disposal of hazardous materials if applicable.

## **Contact Information for Further Support**

For any safety inquiries or concerns regarding the AR15/M16/308 AR MPRO 7® Cleaning Kit, please consult the manufacturer or refer to the EU Safety Gate platform for product safety updates and recall information.

Thank you for taking the time to read this safety instruction guide. Your safety is our priority, and we hope you enjoy using the AR15/M16/308 AR MPRO 7® Cleaning Kit.
