1911 Pin Hole Reamers Safety Instruction Guide

Introduction

Thank you for choosing the 1911 Pin Hole Reamers by BROWNELLS. This tool is designed to enhance the precision of pin holes in 1911 frames, ensuring a smooth operating pistol. To ensure safe use and compliance with the EU General Product Safety Regulation (GPSR), please read and follow the safety instructions provided in this guide carefully.

General Safety Guidelines

- Always wear appropriate personal protective equipment (PPE) such as safety goggles and gloves when using the reamer.
- Keep the work area clean and well lit to avoid accidents.
- Ensure that all tools are in good condition and free from defects before use.
- Do not use the reamer for any purpose other than its intended use.
- Store the reamer in a safe place, out of reach of children and pets.
- Report any unsafe products or accidents to the relevant authorities.

Specific Safety Precautions for Use

- Handle the reamer with care to avoid injury from sharp edges.
- Use the reamer only on materials that it is designed to cut; do not attempt to use it on harder materials that could damage the tool or cause injury.
- Do not apply excessive force when using the reamer; let the tool do the work.
- Ensure that your hands and the workpiece are secure before starting the reaming process.
- Always follow the manufacturer's instructions for use and maintenance.

Instructions for Installation and Usage

1. Preparation:

- Ensure that the workpiece is securely clamped or held in place.
- Clean the area around the pin hole to remove any debris or obstructions.

2. Using the Reamer:

- Align the reamer with the pin hole, ensuring it is perpendicular to the surface.
- Apply gentle pressure and turn the reamer clockwise to begin the reaming process.
- Continue to apply light, even pressure, allowing the fluted design to cut smoothly.
- Periodically withdraw the reamer to clear debris and check the progress.

3. Post Use:

- Once the desired size is achieved, carefully remove the reamer from the workpiece.
- Clean the reamer after each use to maintain its performance and longevity.
- Store the reamer in a protective case or designated storage area.

Disposal Instructions

- Dispose of the reamer in accordance with local regulations regarding metal and tool disposal.
- Do not dispose of the reamer in regular household waste.
- If the reamer is damaged or no longer usable, consider recycling it if possible.

Contact Information for Further Support
