## Popular Sizes For Gun Work; Comfortable Grip For Excellent Control

**BROWNELLS TORX® DRIVER SET** The Brownells TORX® Driver Set is a professional-grade toolkit designed to equip gunsmiths and firearm enthusiasts with the most commonly used TORX® drivers for firearm maintenance and accessory installation. This 8-piece set ensures you have the right tools to work on a wide range of TORX® screws found in various firearms and related equipment. **Description and Features:** Precision-Machined Steel Shafts: Each driver features a heat-treated, precision-machined steel shaft that provides exceptional strength and durability, ensuring reliable performance even when loosening stubborn screws. Ergonomic Handles: The drivers are equipped with comfortable, ergonomically shaped synthetic rubber handles that offer a secure, non-slip grip, enhancing control and reducing hand fatigue during extended use. **Comprehensive Size Range:** The set includes eight drivers in the following sizes: T-6, T-7, T-8, T-9, T-10, T-15, T-20, and T-25. Notably, the T-10 and T-15 drivers are compatible with scope ring and base screws from brands such as Brownells, Burris, and Leupold. **Optimal Shaft Lengths:** Shaft lengths are carefully selected to provide the best balance of reach and rigidity, ranging from 4 $\frac{1}{4}$  inches (T-6) to 5 $\frac{3}{4}$  inches (T-25), allowing access to screws in various positions without compromising strength. **Durable Storage Pouch:** The set comes in a reusable, heavy-duty clear plastic pouch that keeps the drivers organized and protected, making it convenient for both storage and transport. **Specifications:** **Included Sizes:** T-6, T-7, T-8, T-9, T-10, T-15, T-20, T-25 **Shaft Lengths:** 4 $\frac{1}{4}$  inches (T-6) to 5 $\frac{3}{4}$  inches (T-25) **Handle Material:** Synthetic rubber **Shaft Material:** Heat-treated steel **Customer Insights:** Customers have expressed high satisfaction with the Brownells TORX® Driver Set, highlighting its precision, durability, and ergonomic design. The exact fit of the drivers minimizes the risk of stripping screws, and the comfortable handles provide excellent control during use. Customers appreciate the comprehensive range of sizes included, which covers most TORX® screws encountered in firearm maintenance. Incorporating the Brownells TORX® Driver Set into your gunsmithing toolkit ensures you have reliable, high-quality tools designed specifically for efficient and precise firearm maintenance and accessory installation.

Professional-grade Torx driver set with eight of the most popular sizes equips you to work on almost any Torx® screw found on guns and firearm accessories. Precision-machined steel shaft is heat-treated for superb strength, so when you're wrestling to loosen stubborn screws, these drivers won't give out and break like cheap hardware store drivers. Shaft lengths are carefully selected to provide the best balance of reach and rigidity. The comfortable, ergonomically shaped, synthetic rubber handle gives you a secure, non-slip grip and great control. T-10 and T-15 drivers fit Brownells, Burris, and Leupold scope ring and base screws. Comes in a reusable, heavy duty clear plastic

# **TORX® Driver Set Safety Instructions**

## **Introduction**

Thank you for choosing the TORX® Driver Set Brownells 8 Piece Set. This professionalgrade tool is designed to help you work safely and effectively on Torx® screws found in firearms and accessories. To ensure your safety and the longevity of the product, please read and follow these safety instructions carefully.

## **General Safety Guidelines**

- Always use the appropriate size Torx driver for the screw you are working on to prevent stripping or damaging the screw.
- Inspect the drivers before use. Do not use any driver that is damaged or worn.
- Keep the tool set out of reach of children and vulnerable individuals.
- Use the tools in a welllit area to ensure visibility and safety.
- Store the tool set in a safe place when not in use to prevent accidents.

## **Specific Safety Precautions for Use**

- Ensure that you have a firm grip on the handle while using the driver to avoid slips.
- Do not apply excessive force when loosening or tightening screws. If a screw is stuck, use penetrating oil or a similar product to aid in removal.
- Wear safety glasses to protect your eyes from debris when working with screws.
- Avoid using the driver set for any purpose other than its intended use on Torx® screws.
- If you are not familiar with using tools, seek assistance from someone with experience.

## **Instructions for Installation and Usage**

### **1. Selecting the Right Driver:**

- Choose the appropriate Torx driver size from the set (T6, T7, T8, T9, T10, T15, T20, T25) based on the screw size you are working with.

### **2. Using the Driver:**

- Insert the driver into the Torx® screw head.
- Turn the handle clockwise to tighten or counterclockwise to loosen.
- Maintain a steady pressure and avoid jerky movements.

### **3. After Use:**

- Clean any debris from the drivers after use.
- Store the drivers in the provided heavyduty clear plastic case to protect them from damage.

## **Disposal Instructions**

- Dispose of the product in accordance with local regulations regarding metal and plastic waste.
- Do not dispose of the product in general household waste.
- Consider recycling options available in your area to minimize environmental impact.

## **Contact Information for Further Support**

For any safety inquiries or concerns regarding the TORX® Driver Set, please contact the manufacturer or refer to the product packaging for relevant contact information.

By following these safety instructions, you can ensure a safer working environment while using your TORX® Driver Set. Always prioritize safety and seek assistance when needed. Thank you for your attention to these guidelines.
