# FIBER OPTIC REPLACEMENT RODS Safety Instruction Guide

## Introduction

Thank you for purchasing the FIBER OPTIC REPLACEMENT RODS.040" (1MM) REPLACEMENT ROD, RED. These replacement rods are designed to refurbish fiber optic sights by replacing broken or damaged rods, or to change your sight colors for enhanced visibility. This guide provides essential safety instructions and information to ensure safe usage and installation.

## General Safety Guidelines

- Always handle the rods with care to prevent breakage or injury.
- Keep the product out of reach of children and vulnerable individuals to avoid accidental use or ingestion.
- Inspect the rods before installation to ensure they are not damaged.
- Follow all instructions carefully to avoid potential hazards.
- If you experience any issues with the product, discontinue use immediately and seek assistance.

## Specific Safety Precautions for Use

- Use only as intended; these rods are designed specifically for fiber optic sights.
- Avoid exposure to extreme temperatures or direct sunlight for extended periods, as this may affect the integrity of the rods.
- Do not use the rods if they show signs of damage or wear.
- Be cautious when cutting the rods to fit your needs; use appropriate tools and protective gear.
- Ensure that the installation area is clear of obstacles and distractions to maintain focus during installation.

## Instructions for Installation and Usage

### 1. Preparation

- Gather necessary tools: scissors or a cutting tool, and a clean workspace.
- Ensure the fiber optic sight is clean and free of debris.

### 2. Cutting the Rods

- Measure the length required for your sight.
- Using scissors or a cutting tool, cut the rod to the desired length.
- Be cautious while cutting to avoid injury.

### 3. Installation

- Remove the old or damaged rod from the fiber optic sight.
- Insert the new rod into the sight, ensuring a secure fit.
- If necessary, use adhesive or other securing methods as per the sight manufacturer's instructions.

### 4. Final Checks

- Inspect the installation to ensure the rod is properly secured and aligned.
- Test the sight to confirm functionality and visibility.

## **Disposal Instructions**

- Dispose of any broken or unused rods according to local regulations.
- Do not dispose of the product in household waste. Instead, consider recycling options where available.
- Ensure that any discarded materials are kept out of reach of children and pets.

## **Contact Information for Further Support**

For any questions or concerns regarding the FIBER OPTIC REPLACEMENT RODS, please refer to the product packaging for contact details. Ensure that you have the product information available for reference.

By following these safety instructions, you can ensure a safe and effective experience with your FIBER OPTIC REPLACEMENT RODS. Thank you for your attention to safety and for choosing our product.
