

AR-15/M16 SINGLE-POINT SLING KIT - BROWNELLS SINGLE-POINT SLING KIT

[Shooting Accessories](#) > [Slings & Sling Swivels](#) > [Slings](#)

Gives Fixed-Stock Rifle The Versatility Of A Quick-Detach Single-Point Sling

Convenient kit gives any AR-15/M16 with an A2-style rifle buttstock the speed and versatility of a single-point, clip-on tactical sling. Low-profile sling adapter requires no permanent alterations to the rifle. Simply remove the buttstock, slide the adapter over the receiver extension tube, and reinstall the stock. Adjustable single-point sling is constructed of heavy-duty 1¼" nylon webbing and high-density bungee cord that provides 4" of flex. Tough, weather-resistant tubular nylon sheathing over the bungee prevents noise and limits bounce. The quick-release clip on the sling attaches to the adapter loop, while an elastic sleeve slides over the clip to prevent rattling on the gun. Heavy-duty tri-glide nylon buckle lets you adjust the sling size quickly for wear over bulky tactical vests and other gear. A second, nylon "quick ditch" buckle opens the sling for instant release of the weapon.

Attributes

- Name: [BROWNELLS SINGLE-POINT SLING KIT](#)

AR15/M16 SinglePoint Sling Kit Safety Instructions

Introduction

Thank you for purchasing the AR15/M16 SinglePoint Sling Kit. This guide provides important safety instructions to ensure the safe and effective use of your sling kit. Please read all instructions carefully before use.

General Safety Guidelines

- Always ensure that your firearm is unloaded before attaching or adjusting the sling.
- Inspect the sling and adapter for any signs of wear or damage before each use.
- Do not exceed the maximum weight capacity of the sling, which is determined by the strength of the materials used.
- Keep the sling and adapter away from children and unauthorized users.
- Only use the sling with compatible firearms, specifically AR15/M16 rifles with an A2style buttstock.
- If you experience any issues with the sling or adapter, discontinue use immediately and seek assistance.

Specific Safety Precautions for Use

- Ensure that the sling is properly adjusted to fit your body and gear before use.
- Always secure the firearm in a safe position when not in use.
- Be aware of your surroundings when using the sling, especially in crowded or confined spaces.
- Avoid using the sling in adverse weather conditions that may affect your grip or visibility.
- Regularly check the quickrelease clip and buckles to ensure they are functioning correctly.

Instructions for Installation and Usage

Installation

1. **Remove the Buttstock:** Carefully detach the buttstock from the rifle.
2. **Attach the Sling Adapter:** Slide the sling adapter over the receiver extension tube.
3. **Reinstall the Buttstock:** Securely reinstall the buttstock over the sling adapter.
4. **Adjust the Sling:** Use the triglide buckle to adjust the sling length to your preference.

Usage

1. **Attaching the Sling:** Clip the quickrelease clip onto the adapter loop.
2. **Adjusting for Comfort:** Use the triglide buckle to make necessary adjustments for comfort and fit.
3. **Quick Ditch Feature:** In case of emergency, use the nylon "quick ditch" buckle to release the sling and detach the firearm quickly.

Disposal Instructions

- Dispose of the sling kit responsibly, following local regulations for textile and plastic waste.
- Do not incinerate the sling or any of its components, as this may release harmful substances.

Contact Information for Further Support

For any questions or concerns regarding the AR15/M16 SinglePoint Sling Kit, please refer to the retailer from which you purchased the product or consult the manufacturer's website for additional support and resources.

By following these safety instructions, you can ensure a safe and effective experience with your AR15/M16

SinglePoint Sling Kit. Thank you for prioritizing safety!
