

O-RING CLEANING JAGS - TCS .243/6MM CLEANING JAG

[Gun Cleaning & Chemicals](#) > [Cleaning Rods & Accessories](#) > [Cleaning Rod Jags](#)

Increases Patch Pressure On Bore For Improved Cleaning Action

Solid aluminum jags with rubber O-rings are ideal for cleaning the bore of your gun without worrying about damaging the rifling. O-rings press patch firmly into bore surface for efficient cleaning action on powder, lead, copper, and plastic fouling. For use with patches, steel wool, and bronze wool. Shotgun and Black Powder jags are color coded; Rifle/Handgun jags are numbered for easy identification. In order to use TCS Manufacturing jags, you must use round patches that are .015" thick.

ORING CLEANING JAGS TCS .243/6MM CLEANING JAG Safety Instruction Guide

Introduction

Thank you for choosing the ORING CLEANING JAGS TCS .243/6MM CLEANING JAG. This product is designed to assist in the efficient cleaning of your firearm's bore without causing damage to the rifling. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

- Always handle cleaning jags with care to avoid injury.
- Ensure that the firearm is unloaded before performing any cleaning procedures.
- Use the cleaning jag only with appropriate patches that are .015" thick.
- Store the cleaning jags in a safe place, out of reach of children.
- Regularly inspect the cleaning jags for any signs of wear or damage before use.
- If you notice any irregularities, discontinue use and replace the product.

Specific Safety Precautions for Use

- **Potential Hazards:**

- Risk of injury from sharp edges or points.
- Risk of damaging the firearm's rifling if not used correctly.

- **To Avoid Hazards:**

- Always ensure that the cleaning jag is securely attached to the cleaning rod before use.
- Do not force the cleaning jag into the bore; apply gentle pressure.
- Avoid using the jag with incompatible materials that could damage the bore.

- **Age or Audience Specific Warnings:**

- This product is not intended for use by children without adult supervision.
- Ensure that inexperienced users are guided by a knowledgeable individual during use.

Instructions for Installation and Usage

- **Installation:**

1. Select the appropriate cleaning jag based on the caliber of your firearm.
2. Attach the cleaning jag to the cleaning rod by screwing it in securely. Ensure that the threads are aligned properly.
3. Confirm that the cleaning jag is properly tightened before proceeding to use.

- **Usage:**

1. Select a round patch that is .015" thick for use with the cleaning jag.
2. Place the patch over the cleaning jag, ensuring it is centered.
3. Insert the cleaning jag into the bore of the firearm gently.
4. Move the cleaning rod back and forth to clean the bore, applying moderate pressure.
5. After cleaning, remove the cleaning jag and patch from the bore.
6. Inspect the bore for cleanliness and repeat the process if necessary.

Disposal Instructions

- Dispose of old or damaged cleaning jags responsibly.
- Check local regulations for proper disposal methods of metal and plastic materials.
- Do not dispose of cleaning jags in regular household waste if they are considered hazardous.

Contact Information for Further Support

For any safety inquiries or further assistance, please refer to the product packaging for contact details of the manufacturer. Always ensure that you are seeking guidance from authorized sources.

Thank you for prioritizing safety while using the ORING CLEANING JAGS TCS .243/6MM CLEANING JAG. Your responsible handling of this product contributes to a safer environment for all users.
