

FNH 17S ARMORER'S TOOLS - BROWNELLS FNH 16S/17S EJECTOR INSTALLATION TOOL

[Gunsmith Tools](#) > [Rifle Tools](#) > [Barrel Tools](#)

FNH 16s & 17s Armorer's Tools allow for barrel changes, bolt work, and trigger installation to be performed properly. Tools include: 16s & 17S Barrel Straightness Gauges, Ejector Removal Tool, Ejector Installation Tool, and Trigger Module Mounting Axis. The Barrel Straightness Gauges ensure proper alignment of the barrel with the receiver when reinstalling 16s or 17s barrels. The Ejector Removal Tool allows for 16s and 17s ejectors to be easily removed from the bolt body. The Ejector Installation Tool allows for 16s and 17s ejectors to be reinstalled with ease. The 16s & 17s Trigger Module Mounting Axis ensures that the trigger module is installed properly into the Trigger Housing. All tools are heat treated and feature a smooth, black oxide finish.

FNH 17S Armorer's Tools Safety Instruction Guide

Introduction

Thank you for choosing the FNH 17S Armorer's Tools. These tools are designed for the maintenance and installation of FNH 16S and 17S firearms. Proper usage and adherence to safety guidelines are essential to ensure safe operation and maintain the quality of your tools. This guide provides important safety instructions and operational procedures in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Always read and understand all instructions before using the tools.
- Ensure that the work area is clean, welllit, and free from distractions.
- Keep all tools out of reach of children and unauthorized users.
- Wear appropriate personal protective equipment (PPE) such as safety glasses and gloves during use.
- Inspect tools for damage before each use. Do not use damaged tools.
- Follow all applicable local laws and regulations regarding firearms and tools.
- Report any unsafe products or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- Ensure that the firearm is unloaded before performing any maintenance or installation.
- Use the correct tool for each specific task to prevent accidents or damage.
- Do not force tools beyond their intended use or capabilities.
- Avoid contact with moving parts during operation to prevent injury.
- Store tools in a secure location when not in use to prevent unauthorized access.
- Do not modify tools or use them for purposes other than those intended.

Instructions for Installation and Usage

Barrel Changes

- Ensure the firearm is unloaded and pointed in a safe direction.
- Use the Barrel Straightness Gauges to check alignment before reinstalling the barrel.
- If the barrel is misaligned, adjust it carefully to ensure proper fit.

Ejector Removal and Installation

- To remove the ejector:
 - Use the Ejector Removal Tool to carefully disengage the ejector from the bolt body.
 - Apply gentle pressure and avoid excessive force to prevent damage.
- To install the ejector:
 - Align the ejector with the bolt body.
 - Use the Ejector Installation Tool to press the ejector into place until it clicks securely.

Trigger Module Installation

- Use the Trigger Module Mounting Axis to ensure proper alignment of the trigger module with the Trigger Housing.
- Secure the trigger module in place, ensuring that it is firmly attached and functions correctly.

Disposal Instructions

- Dispose of tools in accordance with local regulations.
- Do not dispose of tools in regular household waste.

- Consider recycling options for metal components where possible.

Contact Information for Further Support

For any questions or concerns regarding the FNH 17S Armorer's Tools, please reach out to your local distributor or authorized service center for assistance.

By following these safety instructions and guidelines, you can ensure a safe and effective experience with your FNH 17S Armorer's Tools. Thank you for your attention to safety and proper usage.
