SHOOTING USA AR15 TRIGGER REPLACEMENT KIT

Safety Instruction Guide

Introduction

Thank you for choosing the SHOOTING USA AR15 Trigger Replacement Kit by Brownells. This kit is designed to provide you with the essential tools needed for the installation and testing of your AR15 trigger. It is important to follow the safety instructions provided in this guide to ensure safe and effective use of the product.

General Safety Guidelines

- Always read the instruction manual thoroughly before using the product.
- Ensure that you are using the kit in a wellventilated area.
- Keep the kit and its components out of reach of children and vulnerable individuals.
- Inspect all tools and components for any damage before use.
- Do not use the product for any purpose other than its intended use.
- Report any unsafe products or accidents to the appropriate authorities.
- Stay informed about product recalls by checking the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Use personal protective equipment (PPE), such as safety glasses and gloves, while working with tools.
- Be cautious of sharp edges and moving parts when using the screwdriver and other tools.
- Ensure that the firearm is unloaded and pointed in a safe direction before starting any installation or testing.
- Avoid applying excessive force when using tools to prevent injury or damage to components.
- Keep hands and other body parts clear of any moving parts during operation.

Instructions for Installation and Usage

1. Preparation:

- Ensure that your workspace is clean and organized.
- Gather all components from the kit: #84 MagnaTip Screwdriver handle, 2405 MagnaTip bit, Rifle Bench Block, .151" Alignment Push Punch, and Hammer Drop Block.

2. Installation:

- Make sure the firearm is unloaded and safe to work on.
- Use the Rifle Bench Block to stabilize the firearm during installation.
- Insert the appropriate MagnaTip bit into the screwdriver handle.
- Carefully remove the existing trigger components using the screwdriver.
- Follow the instructions for your specific trigger model to install the new trigger components.
- Use the .151" Alignment Push Punch to ensure proper alignment of parts during installation.
- Once installed, use the Hammer Drop Block to safely test the trigger mechanism.

3. Testing:

- After installation, conduct a function check to ensure the trigger operates correctly.
- Always perform this check with the firearm pointed in a safe direction.

4. PostUse:

- Clean and store all tools and components in a safe place after use.
- Dispose of any damaged or worn components in accordance with local regulations.

Disposal Instructions

- Dispose of the product and its components in accordance with local waste disposal regulations.
- Do not dispose of tools in regular household waste. Check for local recycling programs for tools.

Contact Information for Further Support

For any further inquiries or support regarding the use of the SHOOTING USA AR15 Trigger Replacement Kit, please consult the product documentation or reach out to the manufacturer directly.

By following these safety instructions, you can ensure a safe and effective experience with your SHOOTING USA AR15 Trigger Replacement Kit. Thank you for your attention to safety and for choosing our product.
