RIFLE POLISHING SYSTEM BROWNELLS 308 WINCHESTER 400 GRIT CHAMBER HONE Safety Instruction Guide

Introduction

Thank you for choosing the RIFLE POLISHING SYSTEM BROWNELLS 308 WINCHESTER 400 GRIT CHAMBER HONE. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of this product. Please read this document carefully before using the product.

General Safety Guidelines

- Ensure safe use of the product by following all instructions provided.
- Use the product only as intended and described in this guide.
- Always keep the product out of reach of children and vulnerable individuals.
- Report any unsafe conditions or incidents to the relevant authorities immediately.
- Stay informed about product recalls and safety updates via the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Use Flex Hone Oil only as specified. Other oils may not be compatible and could pose safety risks.
- Wear appropriate personal protective equipment, including safety goggles and gloves, to prevent injury while using the product.
- Ensure the work area is wellventilated to avoid inhalation of dust and particles generated during use.
- Inspect the product before each use for any signs of damage or wear. Do not use if damaged.
- Do not exceed the recommended usage time to prevent overheating or damage to the product or firearm.
- Avoid using the product on firearms that are loaded or not properly secured.

Instructions for Installation and Usage

1. Preparation

- Ensure the firearm is unloaded and in a safe condition before beginning.
- Gather all necessary materials, including the RIFLE POLISHING SYSTEM and Flex Hone Oil.

2. Installation

- Attach the appropriate long shank for your specific caliber as follows:
 - .223/5.56: Use the 8" (20cm) long shank.
 - .38/.357/.44/.45: Use the 14" (35.5cm) long shank.
- Ensure the shank is securely attached to the Flex Hone before use.

3. Application

- Apply Flex Hone Oil generously to the abrasive balls of the chamber hone.
- Insert the chamber hone into the chamber of the firearm.
- Gently rotate the tool while applying light pressure. Avoid excessive force.
- Continue polishing for a few minutes or until the desired smoothness is achieved.

4. PostUse

- After use, clean the chamber hone with a suitable cleaner to remove any debris or residue.
- Store the product in a dry place, away from moisture and direct sunlight.

Disposal Instructions

- Dispose of the product in accordance with local regulations regarding hazardous materials.
- Do not dispose of the product in household waste. Check for local recycling programs or hazardous waste disposal facilities.

Contact Information for Further Support

For any questions or concerns regarding the RIFLE POLISHING SYSTEM BROWNELLS 308 WINCHESTER 400 GRIT CHAMBER HONE, please refer to the manufacturer's website or customer service for assistance.

By following these guidelines and instructions, you can ensure the safe and effective use of your RIFLE POLISHING SYSTEM. Thank you for your attention to safety and compliance.
