## Safety Instruction Guide

### Introduction

Thank you for choosing the RIFLE POLISHING SYSTEM BROWNELLS 3006 SPRINGFIELD 400 GRIT CHAMBER HONE. This guide provides essential safety instructions and information to ensure the safe and effective use of this product. Please read and follow all instructions carefully to prevent accidents and ensure optimal performance.

### General Safety Guidelines

- Ensure that the product is used in accordance with the manufacturer's instructions.
- Always wear appropriate personal protective equipment (PPE), including safety goggles and gloves, when using the chamber hone.
- Keep the product out of reach of children and vulnerable individuals.
- Do not use the product for any purpose other than its intended use.
- Be aware of your surroundings and ensure a safe working environment.
- Regularly inspect the product for any signs of wear or damage before use.

### Specific Safety Precautions for Use

#### • Hazard Identification:

- The abrasive material (silicon carbide) can create dust that may be harmful if inhaled. Use in a wellventilated area.
- The use of Flex Hone Oil is mandatory to prevent damage to the tool and ensure optimal performance.

#### • Avoiding Hazards:

- Do not use the chamber hone on wet surfaces or in damp environments.
- Ensure that the chamber hone is securely attached before use to prevent accidents.
- Do not exceed the recommended speed settings of your power tool when using the chamber hone.

#### • Age Specific Warnings:

- This product is intended for adult use only. Keep away from children and unauthorized users.

### Instructions for Installation and Usage

#### 1. Preparation:

- Gather all necessary materials, including the chamber hone and Flex Hone Oil.
- Ensure your workspace is clean and welllit.

#### 2. Installation:

- Select the appropriate shank length for your firearm:
  - .223/5.56 8" (20cm) long shank
  - .38/.357/.44/.45 14" (35.5cm) long shank
- Attach the chamber hone securely to the power tool according to the manufacturer's instructions.

### **3. Usage:**

- Apply a liberal amount of Flex Hone Oil to the chamber hone before use.
- Insert the chamber hone into the firearm's chamber.
- Activate the power tool and allow the chamber hone to polish the chamber. Move the hone in and out gently for even polishing.
- Inspect the chamber after polishing to ensure a smooth finish.

### **4. PostUsage:**

- Clean the chamber hone with a suitable cleaning solution to remove any debris.
- Store the chamber hone in a safe, dry location away from children.

## **Disposal Instructions**

- Dispose of any used Flex Hone Oil and debris in accordance with local regulations.
- Do not dispose of the product in regular household waste. Check for local recycling programs or hazardous waste disposal options.

## **Contact Information for Further Support**

For any safety inquiries or further assistance, please contact your local distributor or refer to the manufacturer's website for support resources.

## **Conclusion**

By following these safety instructions, you can ensure a safe and effective experience with the RIFLE POLISHING SYSTEM BROWNELLS 3006 SPRINGFIELD 400 GRIT CHAMBER HONE. Always prioritize safety and proper usage to maintain the integrity of your firearm and the tool itself. Thank you for your attention to these guidelines.
