Safety Instruction Guide for RIFLE POLISHING SYSTEM BROWNELLS 3006 SPRINGFIELD 800 GRIT CHAMBER HONE

Introduction

Thank you for purchasing the RIFLE POLISHING SYSTEM BROWNELLS 3006 SPRINGFIELD 800 GRIT CHAMBER HONE. This product is designed to polish rough or scored chambers, ensuring smooth and frictionfree operation. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

- Always use the product in accordance with the manufacturer's instructions.
- Ensure that the workspace is clean and free from any obstructions.
- Keep the product out of reach of children and vulnerable individuals.
- Wear appropriate personal protective equipment (PPE), such as safety goggles and gloves, when using the product.
- Do not use the product for any purpose other than its intended use.
- Regularly inspect the product for wear or damage before each use.
- In case of any malfunction or damage, discontinue use immediately and seek assistance.

Specific Safety Precautions for Use

- Ensure that the Flex Hone Oil is used exclusively with this product to avoid damage.
- Be cautious of sharp edges on the product and handle with care.
- Avoid inhaling dust or particles generated during use; use a mask if necessary.
- Do not exceed the recommended operating time to prevent overheating.
- Always secure the firearm before using the chamber hone to prevent accidental discharge.
- Follow all applicable firearms safety regulations and guidelines.

Instructions for Installation and Usage

1. Preparation:

- Ensure the firearm is unloaded and in a safe condition.
- Gather all necessary materials, including the chamber hone and Flex Hone Oil.

2. Installation:

- Attach the appropriate shank length to the chamber hone based on your firearm:
 - .223/5.56 8" (20cm) long shank
 - .38/.357/.44/.45 14" (35.5cm) long shank
- Ensure the connection is secure before proceeding.

3. Usage:

- Apply a generous amount of Flex Hone Oil to the chamber hone.
- Insert the chamber hone into the chamber of the firearm.
- Activate the hone at a low RPM, ensuring even contact with the chamber walls.
- Use gentle, consistent pressure while moving the hone in and out of the chamber.
- Continue honing until the desired smoothness is achieved, typically within a few minutes.
- Clean the chamber thoroughly after use to remove any abrasive residue.

4. PostUsage:

- Inspect the chamber for smoothness and cleanliness.
- Store the chamber hone in a safe place, away from children and pets.

Disposal Instructions

- Dispose of any used Flex Hone Oil and abrasive materials in accordance with local regulations.
- Do not dispose of the product in regular household waste; check for local hazardous waste disposal guidelines.

Contact Information for Further Support

For safety inquiries or additional support, please refer to the manufacturer's contact information provided with the product packaging.

By following these guidelines and instructions, you can ensure safe and effective use of the RIFLE POLISHING SYSTEM BROWNELLS 3006 SPRINGFIELD 800 GRIT CHAMBER HONE. Thank you for prioritizing safety and compliance with EU regulations.
