RIFLE POLISHING SYSTEM BROWNELLS 9MM 800 GRIT CHAMBER HONE Safety Instruction Guide

Introduction

Thank you for choosing the RIFLE POLISHING SYSTEM BROWNELLS 9MM 800 GRIT CHAMBER HONE. This product is designed to polish rough or scored chambers, ensuring smooth and frictionfree operation for your firearm. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

- Always follow the manufacturer's instructions for use.
- Ensure that the product is used in a wellventilated area.
- Keep the product out of reach of children and vulnerable individuals.
- Use personal protective equipment (PPE) such as safety goggles and gloves when handling the product.
- Regularly check for any signs of wear or damage before use.
- Report any unsafe conditions or incidents to the appropriate authorities.

Specific Safety Precautions for Use

• Hazard Identification:

- Abrasive materials may cause skin irritation. Avoid direct contact with skin.
- The product may produce dust during use. Inhalation of dust can be harmful. Use a dust mask if necessary.
- Ensure that the firearm is unloaded before using the chamber hone.

• Avoiding Hazards:

- Always use Flex Hone Oil as specified to prevent damage to the chamber and ensure effective polishing.
- Do not exceed the recommended polishing time to avoid overheating.
- Ensure the chamber hone is securely attached to the drill or power tool before use.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary materials, including the RIFLE POLISHING SYSTEM, Flex Hone Oil, and a drill or power tool.
- Make sure the firearm is completely unloaded and in a safe location.

2. Installation:

- Attach the chamber hone to the drill or power tool securely.
- Ensure that the shank length is appropriate for your firearm:
 - .223/5.56 8" (20cm) long shank
 - .38/.357/.44/.45 14" (35.5cm) long shank

3. Application of Flex Hone Oil:

- Apply a generous amount of Flex Hone Oil to the abrasive balls of the chamber hone before use.

4. Polishing Process:

- Insert the chamber hone into the firearm's chamber.
- Operate the drill or power tool at a low speed to start polishing.
- Move the chamber hone in and out of the chamber gently for a few minutes, ensuring even coverage.
- Periodically check the chamber to assess the polishing progress.

5. PostUse:

- Clean the chamber thoroughly to remove any remaining abrasive material and oil.
- Store the chamber hone and Flex Hone Oil in a cool, dry place away from children.

Disposal Instructions

- Dispose of any used abrasive materials and Flex Hone Oil according to local regulations.
- Do not dispose of the product in regular household waste. Check with local waste management for proper disposal methods.

Contact Information for Further Support

For any inquiries regarding safety or usage of the RIFLE POLISHING SYSTEM BROWNELLS 9MM 800 GRIT CHAMBER HONE, please refer to the manufacturer's contact information provided on the product packaging or website.

By following these safety guidelines and instructions, you can ensure the safe and effective use of the RIFLE POLISHING SYSTEM BROWNELLS 9MM 800 GRIT CHAMBER HONE. Thank you for prioritizing safety in your firearms maintenance.
