RIFLE POLISHING SYSTEM BROWNELLS

7.62X39MM 800 GRIT CHAMBER HONE Safety

Instruction Guide

Introduction

Thank you for choosing the RIFLE POLISHING SYSTEM BROWNELLS 7.62X39MM 800 GRIT CHAMBER HONE. This product is designed to polish rough or scored chambers, ensuring smooth and frictionfree operation. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

- Ensure safe use of the product by following all instructions provided.
- Keep the product out of reach of children and vulnerable individuals.
- Always use the product in a wellventilated area.
- Use appropriate personal protective equipment (PPE) such as gloves and safety goggles.
- Be aware of potential hazards associated with the use of abrasive materials.
- Report any unsafe conditions or accidents to the appropriate authorities.
- Regularly check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Only use the RIFLE POLISHING SYSTEM with Flex Hone Oil, as other oils may cause damage.
- Do not exceed the recommended operating time to avoid overheating and potential injury.
- Inspect the product for any signs of damage before each use.
- Ensure that the chamber is free of debris and obstructions before polishing.
- Avoid direct contact with the abrasive silicon carbide balls to prevent skin irritation.
- Do not use the product for any purpose other than intended.

Instructions for Installation and Usage

1. Preparation

- Gather all necessary materials, including the RIFLE POLISHING SYSTEM and Flex Hone Oil.
- Ensure you are in a clean, dry, and wellventilated workspace.

2. Installation

- Attach the appropriate long shank to the polishing system:
 - For .223/5.56, use the 8" (20cm) long shank.
 - For .38/.357/.44/.45, use the 14" (35.5cm) long shank.
- Ensure the attachment is secure before proceeding.

3. Application

- Apply a small amount of Flex Hone Oil to the abrasive balls.
- Insert the polishing system into the chamber, ensuring a snug fit.
- Operate the polishing system at a low speed, moving it in and out of the chamber for even polishing.
- Continue polishing for the recommended time, typically a few minutes, monitoring for any signs of overheating.

4. PostUse Care

- After polishing, remove the system from the chamber and clean any excess oil.
- Inspect the chamber for smoothness and cleanliness.
- Store the polishing system in a safe, dry place away from children.

Disposal Instructions

- Dispose of any used Flex Hone Oil and polishing materials in accordance with local regulations.
- Do not dispose of the product in regular household waste. Check with your local waste management facility for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the RIFLE POLISHING SYSTEM BROWNELLS 7.62X39MM 800 GRIT CHAMBER HONE, please refer to the manufacturer's contact information provided on the packaging or product documentation.

By following these safety instructions, you can ensure a safe and effective experience with your RIFLE POLISHING SYSTEM. Thank you for your attention to these guidelines.
