# RIFLE POLISHING SYSTEM BROWNELLS 5.56MM NATO 400 GRIT CHAMBER HONE Safety Instruction Guide

## Introduction

Thank you for choosing the RIFLE POLISHING SYSTEM BROWNELLS 5.56MM NATO 400 GRIT CHAMBER HONE. This product is designed to polish rough or scored chambers to ensure smooth and frictionfree operation. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

## General Safety Guidelines

- Ensure that the product is used only as intended and in accordance with the instructions provided.
- Always wear appropriate personal protective equipment, such as safety goggles and gloves, when using this product.
- Keep the product out of reach of children and unauthorized users.
- Regularly check the product for any signs of wear or damage before use.
- In case of any accidents or injuries, report them to the relevant authorities.

## Specific Safety Precautions for Use

- Use only with Flex Hone Oil as specified. Other oils may not provide the necessary lubrication and could lead to damage or unsafe operation.
- Do not exceed the recommended speed or pressure during use to prevent accidents and ensure the longevity of the product.
- Avoid using the chamber hone on wet or oily surfaces to prevent slippage and loss of control.
- Ensure that the chamber is clear of any obstructions before use.
- Do not use the product if it has been damaged or if any components are missing.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary materials, including the chamber hone and Flex Hone Oil.
- Ensure your workspace is clean and free from distractions.

### 2. Installation:

- Attach the chamber hone to the appropriate drill or power tool, ensuring it is securely fastened.
- Verify that the drill is compatible with the shank length of the hone (8" for .223/5.56 or 14" for .38/.357/.44/.45).

### 3. Usage:

- Apply a generous amount of Flex Hone Oil to the chamber hone before use.
- Insert the hone into the chamber and begin polishing at a low speed, gradually increasing as necessary.
- Move the hone in and out of the chamber smoothly to ensure even polishing.
- Monitor the process closely, ensuring that no excessive pressure is applied.
- After polishing, clean the chamber thoroughly to remove any debris.

### 4. PostUsage Care:

- Clean the chamber hone with a suitable cleaning agent and store it in a dry place.
- Regularly inspect the hone for wear and replace it as necessary.

## **Disposal Instructions**

- Dispose of any used or damaged components in accordance with local regulations.
- Do not dispose of the product in general waste. Check for recycling options in your area.

## **Contact Information for Further Support**

For any questions or concerns regarding the use of this product, please refer to the manufacturer's contact details provided on the packaging or the official website.

Thank you for your attention to these safety guidelines. Your safety and satisfaction are our top priorities. Enjoy using your RIFLE POLISHING SYSTEM BROWNELLS 5.56MM NATO 400 GRIT CHAMBER HONE!
