RIFLE POLISHING SYSTEM BROWNELLS 5.56MM NATO 800 GRIT CHAMBER HONE Safety Instruction Guide

Introduction

Thank you for choosing the RIFLE POLISHING SYSTEM BROWNELLS 5.56MM NATO 800 GRIT CHAMBER HONE. This guide provides essential safety instructions to ensure the safe and effective use of this product. Please read all instructions carefully before use.

General Safety Guidelines

- Ensure that the product is used in accordance with the manufacturer's instructions.
- Always wear appropriate personal protective equipment, such as safety goggles and gloves, when using this product.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the product for any signs of damage before use. Do not use if damaged.
- Report any unsafe conditions or accidents to the appropriate authorities.
- Stay informed about product recalls and safety updates via the EU's Safety Gate platform.

Specific Safety Precautions for Use

• Hazard Identification:

- The abrasive nature of the silicon carbide balls can cause skin and eye irritation. Use protective gear.
- Improper use may lead to damage of the firearm or injury. Follow instructions carefully.

• Avoiding Hazards:

- Do not use the product without Flex Hone Oil. This is essential for safe operation.
- Ensure the chamber is clear of ammunition before starting the polishing process.
- Do not exceed the recommended usage time to avoid overheating or damaging the chamber.

• AgeSpecific Warnings:

- This product is intended for adult use only. Keep away from children.

Instructions for Installation and Usage

1. Preparation:

- Gather necessary materials: RIFLE POLISHING SYSTEM, Flex Hone Oil, safety goggles, and gloves.
- Ensure you are in a wellventilated area.

2. Installation:

- Attach the appropriate long shank (8" for .223/5.56 or 14" for .38/.357/.44/.45) to the polishing system.
- Ensure the attachment is secure before use.

3. Application:

- Apply a generous amount of Flex Hone Oil to the polishing balls.
- Insert the polishing system into the chamber of the firearm.
- Start the polishing process by gently rotating the tool while applying light pressure.
- Polish for no more than 5 minutes to avoid overheating.

4. PostUse:

- Remove the polishing system from the chamber carefully.
- Wipe the chamber clean to remove any debris or excess oil.
- Inspect the chamber for a smooth finish.

Disposal Instructions

- Dispose of any used Flex Hone Oil and polishing materials in accordance with local regulations.
- Do not dispose of the product in regular household waste. Check for local recycling programs or hazardous waste disposal options.

Contact Information for Further Support

For any safety inquiries or additional support regarding the RIFLE POLISHING SYSTEM BROWNELLS 5.56MM NATO 800 GRIT CHAMBER HONE, please refer to the manufacturer's contact information provided with the product packaging.

By following these safety instructions, you can ensure a safe and effective experience with the RIFLE POLISHING SYSTEM. Thank you for prioritizing safety in your firearm maintenance.
