

NYLON/BRASS DRIFT PUNCH - BROWNELLS 5/16" NYLON DRIFT PUNCH

[Gunsmith Tools](#) > [Shotgun Tools](#) > [Shotgun Specialty Tools](#)

6 Indispensable Mar-Proof Punches

Great combination punch for gunsmith, machinist and toolmaker. Hi-impact steel handle with knurled grip for easy holding and accurate control. Built to withstand maximum impact with a minimum of distortion. Interchangeable and replaceable tips are available in: 5/16" Nylon with steel reinforcing pin to prevent bending or breakage while giving completely mar-free punching action; Brass in various diameters for a harder-than-nylon but softer-than-steel impact where slight discoloration is acceptable. Aluminum in two diameters for harder-than-nylon but softer-than-steel impact where slight discoloration is acceptable. Remington shotgun punch tip which is .165" diameter Nylon tip without steel pin which is non-marring used for removing trigger plate pins from 870, 1100 and 1187. Single replaceable non-marring nylon punch with .165 diameter used for removing trigger plate pins from 870, 1100 and 1187. Supplied as: Basic Set with two 5/16" diameter tips (one Nylon, one Brass) and one Handle. 4-Way Set includes four Handles, one 5/16" Nylon Tip; plus one each, 3/16", 1/4" and 5/16" diameter Brass Tips. 6-Way Set adds 1/4" and 5/16" diameter, Aluminum Tips and 2 more handles to the 4-Way Set.

Safety Instruction Guide for NYLON/BRASS DRIFT PUNCH BROWNELLS 5/16"

Introduction

Thank you for purchasing the NYLON/BRASS DRIFT PUNCH BROWNELLS 5/16". This product is designed for use by gunsmiths, machinists, and toolmakers. To ensure your safety and the longevity of the product, please read this safety instruction guide carefully.

General Safety Guidelines

- Always handle the drift punch with care to avoid injury.
- Ensure that the work area is clean and welllit.
- Use the drift punch only for its intended purpose.
- Keep the drift punch out of reach of children and vulnerable individuals.
- Regularly inspect the punch for any signs of wear or damage before use.
- Report any unsafe conditions or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- Wear appropriate personal protective equipment (PPE), including safety glasses and gloves, when using the drift punch.
- Do not use the punch on materials that may cause it to bend or break.
- Avoid using the punch with excessive force; this can lead to distortion or damage.
- Ensure that the tip is securely attached before use to prevent accidents.
- When using the Remington shotgun punch tip, ensure that it is suitable for the specific model being worked on.
- Do not use the drift punch if it shows signs of damage or wear, such as cracks or bends.

Instructions for Installation and Usage

1. Selecting the Tip:

- Choose the appropriate tip for your task from the available options: Nylon, Brass, or Aluminum.

2. Attaching the Tip:

- Ensure that the handle is clean and dry.
- Align the tip with the handle and push it firmly into place until secure.

3. Using the Drift Punch:

- Hold the handle firmly with one hand and position the tip on the target area.
- With your other hand, strike the handle gently with a hammer or mallet to drive the tip into the material.
- For best results, maintain a steady and controlled force.

4. Removing the Tip:

- After use, carefully pull the tip out of the handle.
- Clean the tip and handle with a soft cloth to remove any debris or residue.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- If the product is damaged beyond repair, consider recycling the materials where possible.

Contact Information for Further Support

For any safety inquiries or additional support regarding the NYLON/BRASS DRIFT PUNCH BROWNELLS 5/16", please refer to the relevant contact information provided with your product packaging or visit the manufacturer's website.

By following these safety guidelines and instructions, you can ensure a safe and effective experience while using the NYLON/BRASS DRIFT PUNCH BROWNELLS 5/16". Thank you for prioritizing safety in your work.
