[Gunsmith Tools](#) > [Shotgun Tools](#) > [Shotgun Specialty Tools](#)

## 6 Indispensable Mar-Proof Punches

Great combination punch for gunsmith, machinist and toolmaker. Hi-impact steel handle with knurled grip for easy holding and accurate control. Built to withstand maximum impact with a minimum of distortion. Interchangeable and replaceable tips are available in: 5/16" Nylon with steel reinforcing pin to prevent bending or breakage while giving completely mar-free punching action; Brass in various diameters for a harder-than-nylon but softer-than-steel impact where slight discoloration is acceptable. Aluminum in two diamters for harder-than-nylon but softer-than-steel impact where slight discoloration is acceptable. Remington shotgun punch tip which is .165" diameter Nylon tip without steel pin which is non-marring used for removing trigger plate pins from 870, 1100 and 1187. Single replaceable non-marring nylon punch with .165 diameter used for removing trigger plate pins from 870, 1100 and 1187. Supplied as: Basic Set with two 5/16" diameter tips (one Nylon, one Brass) and one Handle. 4-Way Set includes four Handles, one 5/16" Nylon Tip; plus one each, 3/16", 1/4" and 5/16" diameter Brass Tips. 6-Way Set adds 1/4" and 5/16" diameter, Aluminum Tips and 2 more handles to the 4-Way Set.

# NYLON/BRASS DRIFT PUNCH SAFETY INSTRUCTIONS

## Introduction

Thank you for choosing the NYLON/BRASS DRIFT PUNCH from BROWNELLS. This product is designed for gunsmiths, machinists, and toolmakers. It is essential to follow the safety instructions outlined in this guide to ensure safe and effective use of the product.

## General Safety Guidelines

- Always read and understand the instructions before using the product.
- Ensure that the work area is clean, welllit, and free of hazards.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the product before each use for any signs of wear or damage.
- Use appropriate personal protective equipment (PPE), such as safety goggles and gloves, when using the punch.
- Report any unsafe products or accidents to the relevant authorities.

## Specific Safety Precautions for Use

- Use the correct tip for the task at hand to prevent damage to the workpiece and ensure optimal performance.
- Avoid using excessive force when striking the punch to prevent injury or damage.
- Ensure that the punch is securely held during use to avoid slipping.
- Do not use the punch on materials that exceed its intended application.
- Store the punch in a safe place when not in use to prevent accidents.

## Instructions for Installation and Usage

**1. Selecting the Tip:** Choose the appropriate tip based on the material and application. Available tips include:

- 5/16" Nylon tip with steel reinforcing pin
- Brass tips in various diameters
- Aluminum tips in two diameters

**2. Attaching the Tip:**

- Ensure the handle is securely attached to the selected tip.
- Check that the tip is properly seated and locked in place before use.

**3. Using the Punch:**

- Position the punch on the target area of the workpiece.
- Hold the punch firmly with one hand on the handle.
- Use a hammer to strike the end of the punch gently and evenly.
- Avoid excessive force; if the punch does not penetrate, reassess the application.

**4. After Use:**

- Clean the punch and tips to remove any debris or residue.
- Store the punch in a protective case to prevent damage.

## Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in household waste. Check with local waste management authorities for proper disposal methods.

## Contact Information for Further Support

For any inquiries or concerns regarding the product, please refer to the appropriate contact points provided by the manufacturer. Ensure to have the product details and any relevant information ready for efficient assistance.

By following these safety instructions, you will ensure a safe and effective experience while using the NYLON/BRASS DRIFT PUNCH. Thank you for your attention to these guidelines, and happy working!
