Safety Instruction Guide for Brownells GEN II Armorers Tool Chest

Introduction

Thank you for choosing the Brownells GEN II Armorers Tool Chest. This product is designed to provide a secure and organized space for your tools. To ensure safe and effective use, please read this safety instruction guide carefully.

General Safety Guidelines

- Always use the tool chest in accordance with the manufacturer's instructions.
- Ensure that the chest is placed on a stable and level surface to prevent tipping.
- Keep the tool chest away from moisture and extreme temperatures to maintain its integrity.
- Regularly inspect the tool chest for any signs of damage or wear.
- Use caution when opening and closing drawers to avoid pinching fingers.
- Store tools securely to prevent them from falling out when drawers are opened.
- Ensure that the tool chest is used only by individuals who are aware of its operation and safety features.

Specific Safety Precautions for Use

- **Avoid Overloading:** Do not exceed the recommended weight limit for each drawer to prevent structural damage.
- **Child Safety:** Keep the tool chest out of reach of children. This product is not intended for use by individuals under the age of 18.
- **Sharp Tools:** Exercise caution when handling sharp tools. Always store them in designated compartments.
- **Cleaning:** Use only mild cleaning agents and a soft cloth to clean the tool chest. Avoid using abrasive materials that may scratch the surface.
- **Maintenance:** Regularly check the aluminum rail slide system and metal butterfly compression latches for proper function.

Instructions for Installation and Usage

1. Unpacking:

- Carefully remove the tool chest from its packaging.
- Inspect for any visible damage. If damage is found, do not use the product and contact customer support.

2. Placement:

- Choose a dry, stable, and level surface for the tool chest.
- Ensure there is enough space around the chest for easy access to drawers.

3. Using the Drawers:

- To open a drawer, pull the handle gently until it slides out.
- To close, push the drawer back in gently until it clicks into place.
- If a drawer is stuck, check for any obstructions before attempting to force it open.

4. Storing Tools:

- Utilize the precut foam inserts to organize tools effectively.
- Ensure tools are securely placed within their designated compartments to prevent movement.

5. Transportation:

- When moving the tool chest, utilize the extended length trolley handle and twoway handles for better grip.
- Avoid dragging the chest across surfaces to prevent damage to the wheels.

Disposal Instructions

- Dispose of the tool chest in accordance with local regulations regarding plastic and electronic waste.
- If the product is no longer usable, contact your local waste management authority for proper disposal methods.

Contact Information for Further Support

For any safety inquiries, product support, or to report unsafe products, please reach out to the designated EU contact point provided with your product documentation.

Thank you for your attention to these safety guidelines. Enjoy using your Brownells GEN II Armorers Tool Chest safely and effectively.
