

MATCH PRECISION OPTIC (MPO) EXTENDED RANGE ELEVATION TURRET - BROWNELLS MPO EXTENDED RANGE ELEVATION TURRET

[Optics & Mounting](#) > [Scopes](#) > [Rifle Scopes](#)

Replacement Elevation Turret for the Brownells Match Precision Optics (MPO). The Extended Range elevation turret does disable the zero stop mechanism of the turret but it allows for full range of elevation travel. A great upgrade for the 3-18x50mm MPO to squeeze the most adjustment out of the optic but fits either the 5-25x56mm or the 3-18x50mm MPO rifle scopes.

MATCH PRECISION OPTIC (MPO) EXTENDED RANGE ELEVATION TURRET Safety Instructions

Introduction

Thank you for choosing the Brownells Match Precision Optics (MPO) Extended Range Elevation Turret. This product is designed to enhance your shooting experience by providing a full range of elevation travel. Please read this safety instruction guide carefully to ensure safe and effective use of the turret.

General Safety Guidelines

- Ensure that the turret is installed correctly and securely before use.
- Always handle firearms with care and follow all safety protocols.
- Store the turret and your firearm in a safe and secure location.
- Regularly inspect the turret for any signs of wear or damage.
- Keep this product out of reach of children and unauthorized users.
- In case of any malfunction or unusual behavior, cease use immediately and seek assistance.

Specific Safety Precautions for Use

- The Extended Range elevation turret disables the zero stop mechanism. Be mindful of this feature during adjustments.
- Always verify your zero before shooting to ensure accuracy.
- Make adjustments to the turret slowly and carefully to avoid sudden changes in elevation.
- Use the turret only with compatible MPO rifle scopes (318x50mm or 525x56mm).
- Avoid exposing the turret to extreme environmental conditions that may affect its performance.

Instructions for Installation and Usage

1. Installation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Remove the existing elevation turret from the MPO scope.
- Align the new Extended Range elevation turret with the turret housing.
- Securely fasten the turret in place according to the manufacturer's guidelines.
- Doublecheck that the turret is securely attached before use.

2. Usage:

- To adjust elevation, rotate the turret in the desired direction.
- Use the markings on the turret to gauge the elevation adjustments.
- After making adjustments, always verify your point of aim and point of impact.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- If the turret is damaged or no longer functional, contact your local waste management authority for proper disposal methods.

Contact Information for Further Support

For any inquiries regarding safety, installation, or usage of the Brownells Match Precision Optics (MPO) Extended Range Elevation Turret, please refer to the manufacturer's contact information included with your product packaging.

Conclusion

Following these safety instructions will help ensure a safe and enjoyable experience with your Brownells MPO Extended Range Elevation Turret. Always prioritize safety and proper handling of your equipment. Thank you for your attention to these guidelines.
