

# BLANK SCREW KIT - BROWNELLS BLANK SCREW REFILL #6 HEAD 0.265" O.D. 20 PACK

[Gunsmith Tools](#) > [Small Hardware](#) > [Metal Screws](#)

## Gun Screws Unlimited; With Drill Press & Dies You Can Make Most Gun Screws

All that is needed is a die with the right threads to make a vast variety of gun screws simply and immediately! You will also need a file, and either a drill press or a pin vise. You can give them any thread length, any overall length and any head thickness desired. Blanks are made of easy-to-thread, tough, forging steel. If hard wearing surface is desired after threading, screws should be treated in Brownells Surface Hardening Compound (#083-000-033).

## Attributes

- Name: [BROWNELLS BLANK SCREW REFILL #6 HEAD 0.265" O.D. 20 PACK](#)
- Manufacturer: [BROWNELLS](#)

# BLANK SCREW KIT SAFETY INSTRUCTION GUIDE

## Introduction

Thank you for choosing the BLANK SCREW KIT from BROWNELLS. This kit is designed to provide you with the necessary components to create a variety of gun screws safely and effectively. This guide contains important safety information and instructions to ensure your safe use of this product in compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Always read and understand all instructions before using the product.
- Ensure that the workspace is clean and free from distractions.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect all tools and equipment before use to ensure they are in good working condition.
- Use appropriate personal protective equipment (PPE) such as safety goggles and gloves when handling tools and materials.
- Report any unsafe products or accidents to the appropriate authorities.
- Regularly check the EU's Safety Gate platform for any recall updates related to this product.

## Specific Safety Precautions for Use

- Use the BLANK SCREW KIT only for its intended purpose—creating gun screws.
- Ensure that you have the correct die for the threads you wish to create.
- Be cautious when using a file or drill press to avoid cuts or injuries.
- Always secure the workpiece properly to prevent movement during operation.
- Avoid wearing loose clothing or jewelry that may get caught in moving parts.
- Ensure proper ventilation when using any surface hardening compounds or chemicals.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools: die, file, drill press or pin vise, and safety equipment.
- Choose the appropriate blank screw size from the kit.

### 2. Threading:

- Select the correct die for the desired thread size.
- Secure the blank screw in a vise or clamp.
- Align the die with the blank screw and begin threading, applying even pressure.

### 3. Finishing:

- After threading, use a file to smooth any rough edges.
- If a hardwearing surface is desired, treat the screws with Brownells Surface Hardening Compound (#083000033) following the manufacturer's instructions.

### 4. Storage:

- Store the screws in a cool, dry place away from direct sunlight.
- Keep the kit and tools organized to avoid accidents.

## **Disposal Instructions**

- Dispose of any unused or damaged screws in accordance with local regulations.
- Do not dispose of screws in regular household waste if they are considered hazardous.
- Contact your local waste management facility for specific disposal instructions.

## **Contact Information for Further Support**

For any questions or concerns regarding the BLANK SCREW KIT or safety inquiries, please refer to the EUbased contact point provided with your product packaging.

By following these safety instructions and guidelines, you can ensure a safe and effective experience while using the BLANK SCREW KIT. Thank you for prioritizing safety in your projects.
