

# BLANK SCREW KIT - BLANK SCREW REFILL 1/4 HEAD 0.398" O.D. 20 PACK

[Gunsmith Tools & Supplies](#) > [Small Hardware](#) > [Metal Screws](#)

## Gun Screws Unlimited; With Drill Press & Dies You Can Make Most Gun Screws

All that is needed is a die with the right threads to make a vast variety of gun screws simply and immediately! You will also need a file, and either a drill press or a pin vise. You can give them any thread length, any overall length and any head thickness desired. Blanks are made of easy-to-thread, tough, forging steel. If hard wearing surface is desired after threading, screws should be treated in Brownells Surface Hardening Compound (#083-000-033).

## Attributes

- Name: [BLANK SCREW REFILL 1/4 HEAD 0.398" O.D. 20 PACK](#)
- Manufacturer: [BROWNELLS](#)

# **Safety Instruction Guide for BLANK SCREW KIT**

## **BLANK SCREW REFILL 1/4 HEAD 0.398" O.D. 20**

### **PACK**

## **Introduction**

Thank you for choosing the BLANK SCREW KIT BLANK SCREW REFILL. This product is designed to allow users to create a variety of screws for different applications. While using this product, it is essential to follow safety guidelines to ensure safe and effective use.

## **General Safety Guidelines**

- Always use the product in accordance with the manufacturer's instructions.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the kit and tools before use to ensure they are in good condition.
- Use appropriate personal protective equipment (PPE), such as safety glasses and gloves, to protect against potential hazards.
- Be aware of your surroundings and ensure that your workspace is clean and organized.
- If you notice any defects or damage to the product, discontinue use immediately and contact the manufacturer.

## **Specific Safety Precautions for Use**

- **Handling Blanks:**

- Handle the blanks with care to avoid injury from sharp edges.
- Always store blanks in a secure location to prevent accidental injury.

- **Using Tools:**

- When using a die or drill press, ensure that all safety guards are in place.
- Follow the manufacturer's instructions for the tools you are using, and ensure they are suitable for the blanks.
- Do not wear loose clothing or jewelry that could become entangled in machinery.

- **Threading and Drilling:**

- Ensure that the die is compatible with the blank you are threading.
- Use a file to smooth any rough edges after threading to prevent injury.
- Do not apply excessive force when threading, as this may cause the blank to break.

- **Surface Treatment:**

- If using Brownells Surface Hardening Compound, follow all safety instructions on the product label.
- Use the compound in a wellventilated area and avoid skin contact.

## **Instructions for Installation and Usage**

1. **Preparation:**

- Gather all necessary tools: die, drill press or pin vise, file, and safety equipment.
- Choose the appropriate blank based on the desired screw specifications.

## 2. Threading the Blanks:

- Secure the blank in the drill press or pin vise.
- Align the die with the blank and begin threading gently.
- Regularly check the progress to ensure even threading.

## 3. Finishing:

- After threading, use a file to remove any sharp edges or burrs.
- If applying surface treatment, follow the instructions provided with the compound.

## 4. Storage:

- Store the blanks and any tools in a dry, safe place.
- Ensure that all components are accounted for and in good condition before storage.

## Disposal Instructions

- Dispose of any unused or damaged screws and blanks in accordance with local regulations.
- Do not dispose of the product in regular household waste if it contains hazardous materials.
- Check with local waste management authorities for proper disposal methods.

## Contact Information for Further Support

For any safety inquiries or productrelated questions, please refer to the manufacturer's contact details provided on the packaging or the product website.

By following these guidelines, you can ensure a safe and effective experience with the BLANK SCREW KIT BLANK SCREW REFILL. Thank you for your attention to safety.
