# Safety Instruction Guide for ESCUTCHEON SCREWS 6 PACK

## Introduction

Thank you for choosing the ESCUTCHEON SCREWS 6 PACK. This guide provides essential safety information and instructions to ensure the proper and safe use of the product. Please read this guide carefully before using the screws.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose, which is for pistol grip escutcheons.
- Always inspect the screws prior to use. Do not use damaged or rusted screws.
- Keep the screws out of reach of children to prevent accidents.
- Store the screws in a dry place to avoid corrosion.
- If you experience any adverse reactions or accidents while using the screws, seek medical attention immediately and report the incident to the appropriate authorities.

## Specific Safety Precautions for Use

- Wear appropriate personal protective equipment (PPE) such as gloves and safety glasses when handling and installing the screws.
- Use the screws only with compatible materials. Ensure that the materials you are working with can accommodate 540 screws.
- Avoid overtightening the screws, as this may damage the escutcheon or the surface it is attached to.
- Do not use the screws for applications that exceed their weight capacity or specifications.
- Be cautious of sharp edges when handling the screws and escutcheons to prevent cuts or injuries.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools including a screwdriver compatible with the screw head.
- Ensure the installation surface is clean and free from debris.

### 2. Installation:

- Align the escutcheon with the desired mounting location.
- Insert the screw through the escutcheon head into the mounting surface.
- Use the screwdriver to tighten the screw until secure, but do not overtighten.
- If using a nut, ensure it is placed on the underside of the installation surface and tightened appropriately.

### 3. PostInstallation:

- Check that the escutcheon is securely fastened and does not wobble.
- Inspect the installation for any visible damage or misalignment.

## Disposal Instructions

- Dispose of any unused or damaged screws in accordance with local waste disposal regulations.
- Do not dispose of screws in a manner that may pose a risk to the environment or public safety.
