# ESCUTCHEON SCREWS SAFETY INSTRUCTION GUIDE

## Introduction

Thank you for choosing Brownells Escutcheon Screws. This guide is designed to provide you with essential safety instructions and usage guidelines to ensure the safe and effective use of this product. Please read this guide carefully before installation and use.

## General Safety Guidelines

- Ensure that you have read and understood all instructions before using the product.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly check the product for signs of wear or damage.
- Do not use the product for any purpose other than its intended use.
- If you encounter any issues or have safety concerns, seek assistance immediately.

## Specific Safety Precautions for Use

### • Potential Hazards:

- Sharp edges: The screws may have sharp edges; handle with care to avoid cuts.
- Small parts: The screws and nuts are small and can pose a choking hazard if swallowed.

### • Avoiding Hazards:

- Always wear protective gloves when handling the screws.
- Ensure your workspace is clean and free of clutter to avoid losing small parts.
- Use appropriate tools when installing the screws to prevent injury.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools and materials before starting installation.
- Ensure that the surface where the screws will be installed is clean and dry.

### 2. Installation Steps:

- Identify the location where the escutcheon screws will be installed.
- Use a drill or screwdriver to create a pilot hole if necessary.
- Align the escutcheon screw with the pilot hole and insert it gently.
- Use a screwdriver to tighten the screw, ensuring it is secure but not overtightened to prevent damage.
- Install the brass nut on the opposite side and tighten it securely.
- Check the installation for stability and proper alignment.

### 3. Usage:

- Once installed, ensure that the escutcheon screws are properly secured before using the associated equipment.
- Regularly inspect the screws for any signs of loosening or wear.

## **Disposal Instructions**

- Dispose of any unused screws, nuts, or packaging materials in accordance with local waste disposal regulations.
- Do not dispose of screws in a manner that could pose a risk to the environment or public safety.
