

FILLISTER HEAD SCREW KIT - 12-24X1" FILLISTER HEAD SCREWS 12 PACK

[Gunsmith Tools & Supplies](#) > [Small Hardware](#) > [Metal Screws](#)

All Standard Thread Sizes From "0" To "12"

With this kit you can stop searching for those hard-to-find screws that are stocked by only a few specialized manufacturing supply houses . . . we have done the looking for you. You can have that "just right" screw right at your fingertips, in a handy, very complete kit . . . and at quite a substantial savings. The kit contains 12 each of the 20 popular size screws from No. 0 wire gauge to No. 12 wire gauge in long enough lengths to fit many difficult jobs, yet they can be cut off and fitted where a shorter length is required. Slotted head drive type. We strongly suggest that after the screws are cut and trimmed, they be dipped in OXPHO-BLUE to give them a blue color as well as prevent rusting which could otherwise ruin a fine job.

FILLISTER HEAD SCREW KIT 1224X1" FILLISTER HEAD SCREWS 12 PACK Safety Instruction Guide

Introduction

Thank you for choosing the FILLISTER HEAD SCREW KIT. This kit is designed to provide you with a variety of screws suitable for various applications. To ensure your safety and the effective use of this product, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always inspect the screws for any damage before use.
- Keep the kit out of reach of children and vulnerable individuals.
- Use appropriate personal protective equipment (PPE) such as gloves and safety glasses when handling screws.
- Be aware of your surroundings and avoid distractions while using the screws.
- Follow all local regulations regarding the use and disposal of metal products.

Specific Safety Precautions for Use

• Potential Hazards:

- Sharp edges of screws may cause cuts or puncture wounds.
- Improper use of screws can lead to structural failures or injuries.
- Rusting screws can weaken the integrity of your project.

• Avoiding Hazards:

- Always handle screws carefully to prevent injury.
- Ensure screws are securely fastened to avoid loosening or falling.
- If cutting screws to size, use appropriate cutting tools and wear safety gear.
- After cutting, dip screws in OXPHOBLUE to prevent rusting and enhance durability.

Instructions for Installation and Usage

• Installation:

1. Choose the appropriate screw size for your project.
2. If necessary, cut the screw to the desired length using suitable tools.
3. Dip the cut end in OXPHOBLUE to prevent rusting.
4. Use a slotted screwdriver to drive the screw into the material securely.

• Usage:

- Always ensure that the screw is aligned correctly with the material before driving it in.
- Do not overtighten screws as this may strip the material or break the screw.
- If the screw becomes difficult to turn, stop and check for obstructions or misalignment.

Disposal Instructions

- Dispose of any unused or damaged screws in accordance with local waste disposal regulations.

- Do not dispose of screws in regular household waste. Consider recycling options if available.
- Ensure that all screws are disposed of safely to prevent injury to others.

Contact Information for Further Support

For any inquiries regarding safety or product information, please reach out to the appropriate EUbased contact point. It is important to follow up on any safety concerns or product recalls as they arise.

By adhering to these safety guidelines and instructions, you can ensure the safe and effective use of the FILLISTER HEAD SCREW KIT. Thank you for prioritizing safety in your projects.
