Choose From Our Selection of Handles

BROWNELLS MAGNA-TIP® & SUPER SET SCREWDRIVER HANDLES The Brownells Magna-Tip® & Super Set Screwdriver Handles are expertly designed to provide gunsmiths and firearm enthusiasts with versatile and durable options for various firearm maintenance tasks. Each handle is constructed from tough, nearly unbreakable plastic, ensuring longevity and reliability in demanding environments. The steel, hex shank accepts a small wrench for added leverage, enhancing torque application when needed. Key Features: #81 Handle: A rugged, hand-filling design equipped with a powerful magnet for fast bit changes. The magnetism transfers through the bit to hold the screw securely, facilitating efficient and precise work. Dimensions: 1 1/4" (3.2 cm) diameter, 8" (20.3 cm) overall length. #84 Hollow Handle: Features a magnetic shank with a hollow compartment that accepts up to four bits, allowing Customers to create a custom screwdriver kit for specific firearms. A screw-on cap keeps the bits securely in place. Dimensions: 1 1/4" (3.2 cm) diameter, 8" (20.3 cm) overall length. Law Enforcement Handle: Developed at the request of police armorers, this handle is approximately 20% shorter and has a smaller diameter than the #81 Handle, bringing the user's hand closer to the work for enhanced control. Available in both magnetic and Clip-Tip styles for secure bit retention. Dimensions: 1" (2.5 cm) diameter, 3 3/4" (9.5 cm) handle length, 5 1/2" (14 cm) overall length. Stubby Handle: A compact version of the full-size #81 Magnetic Handle, ideal for working in tight spaces. Despite its shorter length, it maintains super-strong construction for durability. Dimensions: 1" (2.5 cm) diameter handle, 2 1/2" (6.3 cm) overall length. Law Enforcement Hollow Handle: Combines the short shank of the Law Enforcement Handle with the convenient storage compartment and full-size grip of the #84 Hollow Handle, allowing Customers to assemble a gun-specific, portable screwdriver kit suitable for both shop and field use. The magnetic socket allows for fast bit changes. Customer Insights: Our customers appreciate the Brownells Magna-Tip® & Super Set Screwdriver Handles for their robust construction and thoughtful design. The variety of handle options allows Customers to select the most appropriate tool for specific tasks, enhancing precision and control during firearm maintenance. The magnetic features and bit storage capabilities are particularly valued for their convenience and efficiency in both shop and field settings. Incorporating the Brownells Magna-Tip® & Super Set Screwdriver Handles into your toolkit ensures you have the right handle for any gunsmithing task, providing versatility, durability, and enhanced control for precise firearm maintenance.

MAGNATIP® & SUPER SET SCREWDRIVER HANDLES Safety Instruction Guide

Introduction

Thank you for choosing the Brownells MAGNATIP® & SUPER SET SCREWDRIVER HANDLES. This guide provides essential safety information and instructions to ensure the safe and effective use of your screwdriver handles. Please read this guide carefully before using the product.

General Safety Guidelines

- Ensure that the product is used for its intended purpose only.
- Keep the screwdriver handles out of reach of children and vulnerable individuals.
- Regularly inspect the handles for any signs of wear or damage before use.
- Use the screwdriver handles in a welllit and stable environment to prevent accidents.
- Do not use excessive force when changing bits or using the handles, as this may cause injury or damage to the product.
- If you notice any unusual behavior or damage during use, stop using the product immediately and seek assistance.

Specific Safety Precautions for Use

- Always select the correct bit for the task at hand to ensure safety and efficiency.
- When using the #84 Hollow Handle, ensure that the screwon cap is securely fastened to prevent bits from falling out.
- Handle the magnetic features with care to avoid pinching fingers or other body parts.
- For the Law Enforcement Handle, ensure that it is securely gripped to maintain control during use.
- Avoid using the screwdriver handles in environments with high humidity or extreme temperatures, as this may affect the performance of the product.
- Do not attempt to disassemble or modify the screwdriver handles, as this may lead to injury or product failure.

Instructions for Installation and Usage

1. Selecting a Bit:

- Choose the appropriate bit for your task. Ensure it is compatible with the screwdriver handle you are using.

2. Inserting a Bit:

- For the #81 Handle and #84 Hollow Handle:
 - Align the bit with the hex shank and push it firmly until it clicks into place.
- For the Law Enforcement Handle:
 - Insert the bit into the magnetic shank and ensure it is securely held.

3. Using the Screwdriver Handle:

- Hold the handle firmly with one hand and apply steady pressure when turning screws.
- Use a small wrench on the hex shank for added torque when necessary.

4. Changing Bits:

- To change the bit, pull it straight out of the handle. Ensure your fingers are clear of the bit's path.
- Insert the new bit following the instructions above.

5. Storing the Screwdriver Handles:

- Store the handles in a dry, cool place away from direct sunlight.
- Keep all bits stored securely in the #84 Hollow Handle or a designated storage case.

Disposal Instructions

- Dispose of the screwdriver handles in accordance with local regulations regarding plastic waste.
- If the product is no longer usable, consider recycling options where available.
- Ensure that any bits are disposed of safely to prevent injury.

Contact Information for Further Support

For any inquiries or support regarding the MAGNATIP® & SUPER SET SCREWDRIVER HANDLES, please refer to the contact information provided by the retailer or manufacturer. Ensure you have the product details available for efficient assistance.

By following these safety instructions, you can ensure a safe and effective experience with your Brownells MAGNATIP® & SUPER SET SCREWDRIVER HANDLES. Thank you for your attention to safety!
