

BOLT LAPPING TOOLS - BROWNELLS THREADED SLEEVE FOR MAUSER SMALL ONLY

[Gunsmith Tools](#) > [Rifle Tools](#) > [Bolt Tools](#) > [Bolt Lapping Tools](#)

Interchangeable Design Gives Constant Spring Pressure For Precise Mating Of Locking Lug Recesses

Spring-loaded tool gives constant, straight-back pressure to keep bolt lugs square against the receiver while lapping with 600 to 800 grit, silicon carbide abrasive. Provides better results than mere thumb pressure. Interchangeable threaded sleeves fit popular actions listed below.

BOLT LAPPING TOOLS BROWNELLS THREADED SLEEVE FOR MAUSER SMALL ONLY

Introduction

Thank you for purchasing the BOLT LAPPING TOOLS BROWNELLS THREADED SLEEVE FOR MAUSER SMALL ONLY. This tool is designed to provide consistent pressure while lapping bolt lugs, ensuring optimal performance and safety during use. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose as outlined in the product specifications.
- Always handle the tool with care to avoid injury.
- Keep the tool out of reach of children and vulnerable individuals.
- Inspect the tool before each use. Do not use if any parts are damaged or worn.
- Follow all local regulations regarding the use and disposal of abrasive materials.

Specific Safety Precautions for Use

- Use personal protective equipment (PPE) such as safety goggles and gloves to protect against dust and debris.
- Ensure that the work area is clean, welllit, and free from any obstacles that may cause accidents.
- Do not exceed the recommended grit levels (600 to 800 grit) when lapping to avoid damage to the tool or firearm.
- Use the tool only with compatible models as specified in the product description.
- Avoid applying excessive force; let the tool do the work to prevent injury or damage.

Instructions for Installation and Usage

1. Preparation

- Gather all necessary components: bolt tool body, plunger, and the correct size sleeve for your model.
- Ensure that the firearm is unloaded and clear of any ammunition.

2. Installation

- Select the appropriate threaded sleeve for your firearm model:
 - Mauser Small for small ring Mauser actions
 - Mauser Large for large ring Mauser actions
 - Savage Small for Savage actions (excluding RUM, RSUM, WSM)
 - Savage Large for RUM, RSUM, WSM calibers
- Attach the selected sleeve to the bolt tool body by threading it securely.

3. Usage

- Insert the plunger into the tool body and ensure it is properly seated.
- Position the bolt lugs against the receiver of the firearm.
- Apply light, even pressure using the springloaded mechanism to maintain alignment while lapping.
- Periodically check the progress and ensure that the lugs remain square against the receiver.
- After lapping, clean the tool and the firearm to remove any abrasive residue.

4. PostUsage Care

- Store the tool in a dry, safe place away from children and pets.
- Regularly inspect the tool for wear and replace any damaged parts as necessary.

Disposal Instructions

- Dispose of any used abrasive materials according to local waste management regulations.
- Ensure that the tool is disposed of in an environmentally friendly manner if it is no longer usable.

Contact Information for Further Support

- For any safety inquiries or further assistance, please consult the product packaging or your retailer for the appropriate EUbased contact information.

Thank you for ensuring your safety and the safety of others while using the BOLT LAPPING TOOLS BROWNELLS THREADED SLEEVE FOR MAUSER SMALL ONLY. Your adherence to these guidelines helps promote safe practices in the use of this tool.
