

# BOLT LAPPING TOOLS - THREADED SLEEVE FOR MAUSER LARGE ONLY

[Gunsmith Tools & Supplies](#) > [Rifle Tools](#) > [Bolt Tools](#) > [Bolt Lapping Tools](#)

## Interchangeable Design Gives Constant Spring Pressure For Precise Mating Of Locking Lug Recesses

Spring-loaded tool gives constant, straight-back pressure to keep bolt lugs square against the receiver while lapping with 600 to 800 grit, silicon carbide abrasive. Provides better results than mere thumb pressure. Interchangeable threaded sleeves fit popular actions listed below.

# Safety Instruction Guide for BOLT LAPPING TOOLS THREADED SLEEVE FOR MAUSER LARGE ONLY

## Introduction

Thank you for choosing the BOLT LAPPING TOOLS THREADED SLEEVE FOR MAUSER LARGE ONLY. This guide provides essential safety instructions and usage guidelines to ensure safe operation and optimal performance of the product. Please read this document carefully before using the product.

## General Safety Guidelines

- Always use the tool as intended and according to the manufacturer's instructions.
- Ensure that the work area is clean and free from any obstructions or hazards.
- Keep the tool out of reach of children and unauthorized users.
- Wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when using the tool.
- Regularly inspect the tool for any signs of wear or damage before each use.
- Do not modify the tool in any way, as this may compromise its safety and effectiveness.
- In case of any accidents or unsafe incidents, report them to the appropriate authorities.

## Specific Safety Precautions for Use

- Ensure the bolt lapping tool is securely attached to the correct threaded sleeve for your specific Mauser model.
- Use the tool only with compatible actions as specified in the product description.
- Do not exceed the recommended grit levels (600 to 800 grit) when lapping.
- Avoid applying excessive force; the springloaded mechanism is designed to provide consistent pressure.
- Ensure that the tool is not used while fatigued or under the influence of substances that impair judgment or coordination.
- If you experience any discomfort or adverse reactions while using the tool, stop use immediately and consult a professional.

## Instructions for Installation and Usage

### 1. Installation of the Threaded Sleeve

- Select the appropriate threaded sleeve for your Mauser model.
- Screw the sleeve onto the bolt tool body until secure. Ensure there is no play in the connection.

### 2. Using the Bolt Lapping Tool

- Insert the bolt of the firearm into the tool, ensuring that the lugs are square against the receiver.
- Adjust the springloaded mechanism to apply consistent, straightback pressure.
- Begin lapping with the silicon carbide abrasive as per the recommended grit levels.
- Periodically check the progress and ensure that the lugs remain square against the receiver.

### 3. PostUsage Care

- After lapping, clean the tool thoroughly to remove any abrasive residue.
- Store the tool in a safe and dry location, away from moisture and direct sunlight.

## **Disposal Instructions**

- Dispose of any wornout or damaged components in accordance with local regulations.
- Do not dispose of the tool in regular household waste. Instead, seek out designated recycling or hazardous waste disposal facilities.

## **Contact Information for Further Support**

For any inquiries or concerns regarding the use of the BOLT LAPPING TOOLS THREADED SLEEVE FOR MAUSER LARGE ONLY, please refer to the contact information provided by the manufacturer or retailer.

By following these safety instructions, you can ensure a safe and effective experience while using the BOLT LAPPING TOOLS THREADED SLEEVE FOR MAUSER LARGE ONLY. Thank you for your attention to safety.
