State-Of-The-Art Screwdriver Sets & Bits For The Gun Shop or Workshop

BROWNELLS STANDARD MAGNA-TIP SETS The Brownells Standard Magna-Tip® Sets are meticulously designed to meet the diverse needs of gunsmiths and firearm enthusiasts, offering a comprehensive selection of interchangeable bits and handles for precise firearm maintenance and assembly. **Key Features:** **Comprehensive Bit Selection:** Each set includes eleven bits for slotted screws, #1, #2, and #3 Phillips bits, plus ten hex bits for socket head screws, ensuring versatility across various firearm applications. **True Hollow-Ground Bits:** The Magna-Tip® bits feature true hollow-ground tips that transmit torque evenly and smoothly up the shank, providing complete metal-to-metal contact with the screw slot. This design allows maximum power to be exerted without damaging the screw. **Durable Construction:** Manufactured from high-quality materials, these bits are built to withstand rigorous use, ensuring long-lasting performance. **Ergonomic Handle Design:** The handle is made from shockproof plastic with grooved flutes for a positive grip, allowing for comfortable and controlled use during firearm maintenance tasks. **Shockproof plastic with grooved flutes** **Specifications:** **#1 Standard Kit** Includes the Magna-Tip handle of your choice. 24 bits. 11 slotted, 3 Phillips, & 10 hex bits. Includes the box and tray for organized storage and easy access. **#2 Standard Kit** Includes the Magna-Tip handle of your choice. 24 bits. 11 slotted, 3 Phillips, & 10 hex bits. **#3 Standard Kit** Includes the Magna-Tip handle of your choice. 11 slotted bits. Includes the box and tray for organized storage and easy access. **Customer Insights:** Our customers appreciate the Brownells Standard Magna-Tip® Sets for their versatility and precision. The comprehensive selection of bits allows Customers to tackle a wide range of firearm maintenance tasks with confidence. The true hollow-ground design ensures a secure fit in screw slots, minimizing the risk of damage during use. The durable construction and ergonomic handle design contribute to a comfortable and reliable user experience, making these sets a valuable addition to any gunsmith's toolkit. Incorporating the Brownells Standard Magna-Tip® Set into your firearm maintenance routine ensures you have the right tools to perform tasks with precision and confidence. Their specialized design and robust construction make them essential for achieving professional results in gunsmithing.

Brownells Standard MagnaTip® Sets Safety Instruction Guide

Introduction

Thank you for choosing the Brownells Standard MagnaTip® Sets. These tools are designed for precision firearm maintenance and assembly. To ensure your safety and the proper use of this product, please read the following safety instructions carefully.

General Safety Guidelines

- Ensure that all tools are used in accordance with the manufacturer's instructions.
- Keep the tools out of reach of children and vulnerable individuals.
- Inspect the tools before each use for any signs of damage or wear.
- Do not use the tools for purposes other than those intended.
- Always wear appropriate personal protective equipment (PPE), such as safety glasses, when using tools.

Specific Safety Precautions for Use

- Use the correct bit size for the screws to avoid slipping and damaging the screw or tool.
- Ensure that the handle is securely attached to the bit before use.
- Do not apply excessive force when using the tools; this can lead to tool breakage or injury.
- Avoid using the tools in wet or damp conditions, as this may affect grip and control.
- If a bit becomes stuck, do not force it out; instead, seek assistance to prevent damage or injury.

Instructions for Installation and Usage

1. Selecting a Bit:

- Choose the appropriate bit from the set based on the type of screw you are working with (slotted, Phillips, or hex).

2. Attaching the Bit:

- Insert the chosen bit into the MagnaTip handle until it clicks into place.
- Ensure the bit is securely attached before proceeding.

3. Using the Tool:

- Hold the handle firmly and align the bit with the screw slot.
- Apply gentle pressure while turning the handle to engage the screw.
- If resistance is felt, stop and assess the situation rather than forcing the tool.

4. Storing the Tools:

- After use, clean the bits and handle to remove any debris or residue.
- Store the tools in the provided box and tray to keep them organized and protected.

Disposal Instructions

- Dispose of any damaged or worn bits according to local regulations.
- Do not dispose of the tools in regular household waste.
- Check with local authorities for proper disposal methods for tools and plastic materials.

Contact Information for Further Support

For any inquiries regarding safety or usage of the Brownells Standard MagnaTip® Sets, please refer to the manufacturer's website or contact your local distributor.

Thank you for following these safety instructions. Proper use and maintenance of your tools will ensure a safe and efficient experience.
