## State-Of-The-Art Screwdriver Sets & Bits For The Gun Shop or Workshop

**BROWNELLS STANDARD MAGNA-TIP SETS** The Brownells Standard Magna-Tip® Sets are meticulously designed to meet the diverse needs of gunsmiths and firearm enthusiasts, offering a comprehensive selection of interchangeable bits and handles for precise firearm maintenance and assembly. **Key Features:** **Comprehensive Bit Selection:** Each set includes eleven bits for slotted screws, #1, #2, and #3 Phillips bits, plus ten hex bits for socket head screws, ensuring versatility across various firearm applications. **True Hollow-Ground Bits:** The Magna-Tip® bits feature true hollow-ground tips that transmit torque evenly and smoothly up the shank, providing complete metal-to-metal contact with the screw slot. This design allows maximum power to be exerted without damaging the screw. **Durable Construction:** Manufactured from high-quality materials, these bits are built to withstand rigorous use, ensuring long-lasting performance. **Ergonomic Handle Design:** The handle is made from shockproof plastic with grooved flutes for a positive grip, allowing for comfortable and controlled use during firearm maintenance tasks. **Shockproof plastic with grooved flutes** **Specifications:** **#1 Standard Kit** Includes the Magna-Tip handle of your choice. 24 bits. 11 slotted, 3 Phillips, & 10 hex bits. Includes the box and tray for organized storage and easy access. **#2 Standard Kit** Includes the Magna-Tip handle of your choice. 24 bits. 11 slotted, 3 Phillips, & 10 hex bits. **#3 Standard Kit** Includes the Magna-Tip handle of your choice. 11 slotted bits. Includes the box and tray for organized storage and easy access. **Customer Insights:** Our customers appreciate the Brownells Standard Magna-Tip® Sets for their versatility and precision. The comprehensive selection of bits allows Customers to tackle a wide range of firearm maintenance tasks with confidence. The true hollow-ground design ensures a secure fit in screw slots, minimizing the risk of damage during use. The durable construction and ergonomic handle design contribute to a comfortable and reliable user experience, making these sets a valuable addition to any gunsmith's toolkit. Incorporating the Brownells Standard Magna-Tip® Set into your firearm maintenance routine ensures you have the right tools to perform tasks with precision and confidence. Their specialized design and robust construction make them essential for achieving professional results in gunsmithing.

# Safety Instruction Guide for Brownells Standard MagnaTip® Sets

## Introduction

Thank you for choosing the Brownells Standard MagnaTip® Sets. This guide provides essential safety information to ensure the safe and effective use of this product. By following these guidelines, you can minimize risks and ensure a positive experience while maintaining your firearms.

## General Safety Guidelines

- Always read and understand the safety instructions before using the product.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the bits and handle for any visible damage before use. Do not use damaged components.
- Ensure that you are using the correct bit for the specific screw type to avoid stripping or damaging the screws.
- Use the tools in a welllit area to enhance visibility and ensure accuracy.
- Store the bits and handle in the provided box and tray to prevent loss and damage.

## Specific Safety Precautions for Use

- **Personal Protective Equipment (PPE):**
  - Always wear safety glasses to protect your eyes from debris.
  - Use gloves to protect your hands from sharp edges and to improve grip.
- **Handling and Use:**
  - Ensure that the firearm is unloaded and pointed in a safe direction before performing maintenance.
  - Do not apply excessive force when using the bits to avoid breakage or injury.
  - Use the ergonomic handle to maintain a firm grip and prevent slipping during use.
- **Storage:**
  - Store the bits and handle in a dry, cool place to prevent corrosion and damage.
  - Ensure that the storage box is closed securely to prevent accidental spills or loss of components.

## Instructions for Installation and Usage

### 1. Selecting the Bit:

- Choose the appropriate bit based on the type of screw you are working with (slotted, Phillips, or hex).
- Ensure that the bit is securely attached to the MagnaTip handle before use.

### 2. Using the Bit:

- Align the bit with the screw slot and apply gentle pressure.
- Turn the handle clockwise to tighten or counterclockwise to loosen the screw.
- If resistance is met, stop and reassess to avoid damaging the screw or bit.

### 3. After Use:

- Clean the bits and handle to remove any debris or residue.
- Return all components to the storage box for organization and protection.

## **Disposal Instructions**

- Dispose of any damaged bits or handles in accordance with local regulations.
- If the product is no longer usable, consider recycling the plastic components where facilities are available.
- Do not dispose of the product in household waste if it contains hazardous materials.

## **Contact Information for Further Support**

For any safety inquiries or concerns regarding the Brownells Standard MagnaTip® Sets, please refer to the contact information provided with your product packaging or visit the manufacturer's website.

By adhering to these safety instructions, you can ensure a safe and effective experience with your Brownells Standard MagnaTip® Sets. Thank you for prioritizing safety in your firearm maintenance activities.
