## State-Of-The-Art Screwdriver Sets & Bits For The Gun Shop or Workshop

**BROWNELLS STANDARD MAGNA-TIP SETS** The Brownells Standard Magna-Tip® Sets are meticulously designed to meet the diverse needs of gunsmiths and firearm enthusiasts, offering a comprehensive selection of interchangeable bits and handles for precise firearm maintenance and assembly. **Key Features:** **Comprehensive Bit Selection:** Each set includes eleven bits for slotted screws, #1, #2, and #3 Phillips bits, plus ten hex bits for socket head screws, ensuring versatility across various firearm applications. **True Hollow-Ground Bits:** The Magna-Tip® bits feature true hollow-ground tips that transmit torque evenly and smoothly up the shank, providing complete metal-to-metal contact with the screw slot. This design allows maximum power to be exerted without damaging the screw. **Durable Construction:** Manufactured from high-quality materials, these bits are built to withstand rigorous use, ensuring long-lasting performance. **Ergonomic Handle Design:** The handle is made from shockproof plastic with grooved flutes for a positive grip, allowing for comfortable and controlled use during firearm maintenance tasks. **Shockproof plastic with grooved flutes** **Specifications:** #1 Standard Kit Includes the Magna-Tip handle of your choice. 24 bits. 11 slotted, 3 Phillips, & 10 hex bits. Includes the box and tray for organized storage and easy access. #2 Standard Kit Includes the Magna-Tip handle of your choice. 24 bits. 11 slotted, 3 Phillips, & 10 hex bits. #3 Standard Kit Includes the Magna-Tip handle of your choice. 11 slotted bits. Included the box and tray for organized storage and easy access. **Customer Insights:** Our customers appreciate the Brownells Standard Magna-Tip® Sets for their versatility and precision. The comprehensive selection of bits allows Customers to tackle a wide range of firearm maintenance tasks with confidence. The true hollow-ground design ensures a secure fit in screw slots, minimizing the risk of damage during use. The durable construction and ergonomic handle design contribute to a comfortable and reliable user experience, making these sets a valuable addition to any gunsmith's toolkit. Incorporating the Brownells Standard Magna-Tip® Set into your firearm maintenance routine ensures you have the right tools to perform tasks with precision and confidence. Their specialized design and robust construction make them essential for achieving professional results in gunsmithing.

# Safety Instruction Guide for Brownells Standard MagnaTip® Sets

## Introduction

Thank you for choosing the Brownells Standard MagnaTip® Sets. These tools are designed for precise firearm maintenance and assembly. To ensure your safety and the optimal performance of the product, please read this guide carefully before use.

## General Safety Guidelines

- Always use the MagnaTip® Sets in accordance with the manufacturer's instructions.
- Keep the tools out of reach of children and vulnerable individuals.
- Inspect the tools for any signs of damage or wear before each use.
- Use the tools only for their intended purpose to avoid accidents.
- If you experience any discomfort or pain while using the tools, stop immediately and consult a professional.

## Specific Safety Precautions for Use

- Ensure that you are using the correct bit for the screw type to prevent stripping or damaging the screw.
- Always maintain a firm grip on the handle while using the tools to avoid slippage.
- Do not apply excessive force when using the tools; if a screw is stuck, consider using penetrating oil or other appropriate methods.
- Avoid using the tools in wet or damp conditions to prevent slipping and ensure a secure grip.
- Store the tools in a dry place, away from extreme temperatures, to maintain their integrity and performance.

## Instructions for Installation and Usage

### 1. Selecting the Right Bit:

- Choose the appropriate bit from the set based on the type of screw you will be working on (slotted, Phillips, or hex).

### 2. Attaching the Bit:

- Insert the selected bit into the MagnaTip® handle until it clicks into place. Ensure it is securely attached before use.

### 3. Using the Tool:

- Hold the handle firmly with one hand and position the bit over the screw.
- Apply gentle pressure while turning the handle in a clockwise direction to tighten or counterclockwise to loosen.
- If resistance is met, do not force the tool; instead, reassess the situation.

### 4. PostUse Care:

- After using the tools, clean them with a dry cloth to remove any debris or moisture.
- Store the bits and handle in the provided box and tray for organized storage and easy access.

## **Disposal Instructions**

- Dispose of the product in accordance with local regulations regarding electronic and nonelectronic waste.
- Do not dispose of the tools in regular household waste; check for local recycling programs that accept tools.

## **Contact Information for Further Support**

For any inquiries regarding safety or product performance, please contact the manufacturer or refer to the product packaging for additional support details.

By following these guidelines, you can ensure a safe and effective experience while using the Brownells Standard MagnaTip® Sets. Thank you for your attention to safety, and we wish you the best in your firearm maintenance endeavors.
