## State-Of-The-Art Screwdriver Sets & Bits For The Gun Shop or Workshop

**BROWNELLS STANDARD MAGNA-TIP SETS** The Brownells Standard Magna-Tip® Sets are meticulously designed to meet the diverse needs of gunsmiths and firearm enthusiasts, offering a comprehensive selection of interchangeable bits and handles for precise firearm maintenance and assembly. **Key Features:** **Comprehensive Bit Selection:** Each set includes eleven bits for slotted screws, #1, #2, and #3 Phillips bits, plus ten hex bits for socket head screws, ensuring versatility across various firearm applications. **True Hollow-Ground Bits:** The Magna-Tip® bits feature true hollow-ground tips that transmit torque evenly and smoothly up the shank, providing complete metal-to-metal contact with the screw slot. This design allows maximum power to be exerted without damaging the screw. **Durable Construction:** Manufactured from high-quality materials, these bits are built to withstand rigorous use, ensuring long-lasting performance. **Ergonomic Handle Design:** The handle is made from shockproof plastic with grooved flutes for a positive grip, allowing for comfortable and controlled use during firearm maintenance tasks. **Shockproof plastic with grooved flutes** **Specifications:** #1 Standard Kit Includes the Magna-Tip handle of your choice. 24 bits. 11 slotted, 3 Phillips, & 10 hex bits. Includes the box and tray for organized storage and easy access. #2 Standard Kit Includes the Magna-Tip handle of your choice. 24 bits. 11 slotted, 3 Phillips, & 10 hex bits. #3 Standard Kit Includes the Magna-Tip handle of your choice. 11 slotted bits. Included the box and tray for organized storage and easy access. **Customer Insights:** Our customers appreciate the Brownells Standard Magna-Tip® Sets for their versatility and precision. The comprehensive selection of bits allows Customers to tackle a wide range of firearm maintenance tasks with confidence. The true hollow-ground design ensures a secure fit in screw slots, minimizing the risk of damage during use. The durable construction and ergonomic handle design contribute to a comfortable and reliable user experience, making these sets a valuable addition to any gunsmith's toolkit. Incorporating the Brownells Standard Magna-Tip® Set into your firearm maintenance routine ensures you have the right tools to perform tasks with precision and confidence. Their specialized design and robust construction make them essential for achieving professional results in gunsmithing.

# Safety Instruction Guide for Brownells Standard MagnaTip® Sets

## Introduction

Thank you for choosing the Brownells Standard MagnaTip® Sets. These tools are designed for precision and versatility in firearm maintenance tasks. To ensure safe and effective use of this product, please read and follow the safety instructions outlined in this guide. Your safety is our priority.

## General Safety Guidelines

- Always use the tools as intended and according to the provided instructions.
- Inspect all bits and handles for damage before use. Do not use damaged components.
- Keep the tools out of reach of children and vulnerable individuals.
- Store the tools in a dry and secure location to prevent unauthorized access.
- Follow all local laws and regulations regarding firearm maintenance and assembly.
- Use personal protective equipment (PPE) such as safety glasses and gloves when performing firearm maintenance.

## Specific Safety Precautions for Use

- Ensure that the firearm is unloaded and in a safe condition before beginning any maintenance.
- Use the correct bit size and type for the screws you are working with to avoid stripping or damaging them.
- Do not apply excessive force when using the tools; this can lead to injury or damage to the firearm.
- Be cautious of sharp edges on bits and tools to prevent cuts or puncture wounds.
- Always maintain a clean and organized workspace to minimize the risk of accidents.
- If you experience any discomfort or pain while using the tools, stop immediately and consult a professional.

## Instructions for Installation and Usage

### 1. Choosing the Right Bit:

- Select the appropriate bit for the screw type you will be working with (slotted, Phillips, or hex).
- Ensure the bit is securely attached to the MagnaTip handle before use.

### 2. Using the Tools:

- Insert the selected bit into the handle and twist to lock it in place.
- Position the bit in the screw slot and apply gentle pressure while turning the handle.
- If resistance is met, do not force the screw; instead, reassess the fit of the bit.

### 3. Cleaning and Maintenance:

- After use, clean the bits and handle with a dry cloth to remove any debris or moisture.
- Store the tools in the provided box and tray to keep them organized and protected.

## Disposal Instructions

- Dispose of any damaged or wornout bits and handles in accordance with local waste disposal regulations.
- Recycle packaging materials where possible to minimize environmental impact.

## **Contact Information for Further Support**

For any safety inquiries or additional support, please refer to the contact information provided with your product packaging or visit our website for assistance.

By following these safety instructions, you can ensure a safe and effective experience with your Brownells Standard MagnaTip® Sets. Thank you for your attention to safety, and enjoy your firearm maintenance tasks with confidence.
