## 24 Bits To Update Your Older Super-Set?

BROWNELLS MAGNA-TIP® UPDATE SET The Brownells Magna-Tip® Update Set is specifically designed for gunsmiths and firearm enthusiasts who own earlier versions of the Magna-Tip® Super Sets. This update enhances your toolkit by replacing thinner bits with thicker, more durable ones, ensuring improved performance and longevity. Key Features: Enhanced Bit Thickness: The set includes thicker bits that provide greater strength and durability compared to the original thinner versions, reducing the likelihood of breakage during demanding tasks. Comprehensive Bit Selection: The update set comprises a variety of bit sizes to accommodate a wide range of screw slots commonly encountered in firearms, enhancing the versatility of your Magna-Tip® Super Set. Organized Storage: The set comes with a clear plastic case and a convenient oak wood block with 18 drilled recesses, allowing for organized storage of your original thin bits after the upgrade. Specifications: Included Bit Numbers: 120-4, 120-5, 120-6, 150-5, 150-6, 180-5, 180-6, 210-5, 210-6, 210-7, 240-5, 240-6, 240-7, 270-5, 270-6, 270-7, 300-6, 300-7, 340-6, 340-7, 340-8, 360-7, 360-8, and H8102XX square recess bit. Storage Accessories: Includes an oak bench block with 18 drilled recesses, a clear plastic case, and a new-style Super-Set box lid label for easy identification and organization. Customer Insights: Our customers appreciate the Brownells Magna-Tip® Update Set for its ability to enhance the durability and functionality of their existing Magna-Tip® Super Sets. The thicker bits provide increased strength, reducing the risk of breakage during use. The organized storage solutions included in the set are also valued for keeping tools neatly arranged and easily accessible. Incorporating the Brownells Magna-Tip® Update Set into your toolkit ensures that you have robust and reliable tools for precise firearm maintenance and assembly. This update enhances the performance of your existing set, making it an essential addition for achieving professional results in gunsmithing.

# MAGNATIP® UPDATE SET SAFETY INSTRUCTIONS

## Introduction

Thank you for choosing the Brownells MagnaTip® Update Set. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of your product. Please read this document carefully before using the update set.

## General Safety Guidelines

- Always check the product for any visible damage before use. Do not use damaged bits.
- Keep the update set out of reach of children and vulnerable individuals.
- Ensure you are using the correct bit size for the task to prevent breakage and accidents.
- Use the bits only for their intended purpose to avoid injury or damage.
- Store the update set in a safe and organized manner to prevent accidents.
- Regularly inspect the bits for wear and tear. Replace any bits that show signs of damage.

## Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE) such as safety glasses and gloves when using tools.
- Ensure that your workspace is clean and welllit to avoid accidents.
- Use tools in a stable position to prevent slips and falls.
- Do not force bits into screws. If a bit does not fit, select an appropriate size.
- Avoid using excessive force when tightening screws to prevent stripping or damaging the screw head.
- Do not use the bits on live electrical circuits.

## Instructions for Installation and Usage

### 1. Selecting the Right Bit:

- Identify the screw type and size you will be working with.
- Choose the corresponding bit from the update set.

### 2. Using the Bit:

- Attach the selected bit to your screwdriver or drill.
- Ensure that the bit is securely fastened to prevent slipping during use.

### 3. Performing the Task:

- Align the bit with the screw head and apply steady pressure.
- Turn the screwdriver or drill at a controlled speed.
- If resistance is encountered, stop and reassess the fit before proceeding.

### 4. After Use:

- Clean the bits and store them in the provided case or oak block.
- Ensure that the bits are dry and free from debris before storage.

## Disposal Instructions

- Dispose of any damaged or worn bits in accordance with local waste disposal regulations.
- Do not dispose of bits in regular household waste. Check with local authorities for proper disposal

methods.

## **Contact Information for Further Support**

For any inquiries regarding safety or product use, please reach out to your local distributor or manufacturer. Ensure you have your product details ready for assistance.

Thank you for your attention to these safety instructions. Your safety and satisfaction are our top priorities. Enjoy using your Brownells MagnaTip® Update Set!
