

MAGNA-TIP 58 BIT MASTER SCREWDRIVER SET - MAGNA-TIP MASTER SUPER 58 BIT SET WITH HOLLOW HANDLE BLUE

[Gunsmith Tools & Supplies](#) > [General Gunsmith Tools](#) > [Screwdrivers & Sets](#) > [Magna-Tip Sets](#)

Every gunsmith knows no two screw slots are ever exactly the same. Because so many factories use outside vendors for screws, slot sizes can vary, even within the same model of gun. If you want to be professional about your work, you custom grind each bit to the correct size, a frustrating and time-consuming task without a Super Set. Magna-Tip Bits feature TRUE hollow-ground bits which transmit all the energy of torque evenly and smoothly, up the shank of the bit. Not only does hollow grinding permit this power transfer, it also gives complete metal-to-metal contact between the tip of the bit and the entire screw slot. Thus, maximum power can be exerted. The 58 Bit Master Super Set Plus adds 10 hex-head bits (#185-9, #185-10, #185-00, #185-0, #185-1, #185-2, #185-3, #185-4, #185-5, #185-6), 3 Phillips-head bits (#440-1, #440-2, #440-0), and a 1/8" square bit for Remington buttplates to the contents of the 44 Bit Super Set Plus. It's the most incredible screwdriver system you will ever use!

Attributes

- Name: [MAGNA-TIP MASTER SUPER 58 BIT SET WITH HOLLOW HANDLE BLUE](#)
- Manufacturer: [BROWNELLS](#)
- Product no.: 080112084

MAGNATIP 58 BIT MASTER SCREWDRIVER SET

Safety Instruction Guide

Introduction

Thank you for choosing the MAGNATIP 58 BIT MASTER SCREWDRIVER SET. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of your screwdriver set. Please read this manual carefully before use to maximize your safety and the performance of the product.

General Safety Guidelines

- Ensure that the screwdriver set is used only for its intended purpose.
- Handle all bits and tools with care to prevent injury.
- Keep the screwdriver set out of reach of children and vulnerable individuals.
- Regularly inspect the bits for wear or damage before use; do not use damaged bits.
- Use the appropriate bit size for each screw to minimize the risk of slipping and injury.
- Store the screwdriver set in a dry and safe location to prevent accidents.

Specific Safety Precautions for Use

- Always wear safety glasses when using the screwdriver set to protect your eyes from debris.
- Avoid using excessive force when driving screws; this can lead to bit breakage or slipping.
- Ensure that the work surface is stable and secure before using the screwdriver.
- Do not use the screwdriver set in wet or damp conditions to avoid electric shock or injury.
- Keep hands and body clear of the screw slot while applying torque to prevent injury.

Instructions for Installation and Usage

1. Selecting the Right Bit:

- Choose the appropriate bit size for the screw you are working with. Refer to the bit identification markings on the set.

2. Inserting the Bit:

- Insert the chosen bit into the hollow handle of the screwdriver until it clicks into place.

3. Using the Screwdriver:

- Position the tip of the bit into the screw slot.
- Apply a steady, even pressure while turning the handle to drive the screw.
- If resistance is encountered, do not force the screwdriver; instead, remove the bit and inspect both the screw and the bit for compatibility.

4. Removing the Bit:

- After use, pull the bit out of the handle gently.
- Store the bit in its designated compartment in the set.

5. Cleaning and Maintenance:

- Wipe the bits and handle with a dry cloth after use to remove dirt and moisture.
- Avoid using harsh chemicals that may damage the finish of the screwdriver set.

Disposal Instructions

- When the screwdriver set reaches the end of its useful life, dispose of it in accordance with local regulations.
- Do not dispose of the product in household waste; check for recycling options for metal and plastic components.

Contact Information for Further Support

For any inquiries regarding safety or product issues, please refer to the manufacturer's contact details provided on the packaging or product documentation.

Important Note

This safety instruction guide is designed to comply with the EU General Product Safety Regulation (GPSR). If you encounter any unsafe products or accidents, please report them to the relevant authorities. Regularly check for recall updates via the EU Safety Gate platform to ensure your product remains safe for use.

Thank you for your attention to these safety guidelines. Enjoy using your MAGNATIP 58 BIT MASTER SCREWDRIVER SET responsibly and safely.
