## MAGNA-TIP MASTER SUPER 58 BIT SET WITH CLIP-TIP LE HANDLE

[Gunsmith Tools](#) > [General Gunsmith Tools](#) > [Screwdrivers & Sets](#) > [Magna-Tip Sets](#)

Every gunsmith knows no two screw slots are ever exactly the same. Because so many factories use outside vendors for screws, slot sizes can vary, even within the same model of gun. If you want to be professional about your work, you custom grind each bit to the correct size, a frustrating and time-consuming task without a Super Set. Magna-Tip Bits feature TRUE hollow-ground bits which transmit all the energy of torque evenly and smoothly, up the shank of the bit. Not only does hollow grinding permit this power transfer, it also gives complete metal-to-metal contact between the tip of the bit and the entire screw slot. Thus, maximum power can be exerted. The 58 Bit Master Super Set Plus adds 10 hex-head bits (#185-9, #185-10, #185-00, #185-0, #185-1, #185-2, #185-3, #185-4, #185-5, #185-6), 3 Phillips-head bits (#440-1, #440-2, #440-0), and a 1/8" square bit for Remington buttplates to the contents of the 44 Bit Super Set Plus. It's the most incredible screwdriver system you will ever use!

58 Bit Master Set Plus w/ Clip-Tip Law Enforcement Handle

## SAFETY INSTRUCTIONS

### Introduction

Thank you for choosing the MAGNATIP 58 Bit Master Screwdriver Set with ClipTip Law Enforcement Handle by BROWNELLS. This product is designed to provide you with a versatile and durable tool for various applications. To ensure your safety and optimal performance, please read and follow these safety instructions carefully.

### General Safety Guidelines

- Always use the screwdriver set as intended to avoid potential hazards.
- Keep the screwdriver set out of reach of children and vulnerable individuals.
- Inspect the tools for any visible damage or wear before use.
- Avoid using the screwdriver set in wet or damp conditions to prevent slips and electrical hazards.
- Store the screwdriver set in a dry place, away from direct sunlight and extreme temperatures.
- Report any unsafe products or accidents to the appropriate authorities.

### Specific Safety Precautions for Use

- Ensure that the correct bit is used for the specific screw type to avoid stripping or damaging screws.
- Do not use excessive force when turning screws; apply steady pressure to prevent slipping.
- Wear safety goggles to protect your eyes from debris when using the screwdriver set.
- Avoid using the screwdriver set for tasks it is not designed for, such as prying or hammering.
- If the tool becomes stuck, do not force it; instead, assess the situation and gently remove it.

### Instructions for Installation and Usage

#### 1. Selecting the Right Bit

- Choose the appropriate bit from the 58bit set that matches the screw type.
- Ensure the bit is securely attached to the screwdriver handle.

#### 2. Using the Screwdriver

- Hold the handle firmly and align the bit with the screw.
- Turn the handle clockwise to tighten and counterclockwise to loosen screws.
- Apply even pressure and avoid overtightening to prevent damage.

#### 3. Cleaning and Maintenance

- After use, clean the bits with a soft cloth to remove dirt and debris.
- Store the screwdriver set in its designated case to prevent loss and damage.

### Disposal Instructions

- Dispose of the screwdriver set according to local regulations.
- Do not dispose of the screwdriver set in general waste if it is damaged or contains hazardous materials.
- Consider recycling components where applicable.

## **Contact Information for Further Support**

For any inquiries regarding safety or product issues, please refer to the manufacturer's website or customer support resources. Ensure that you have the product details ready for assistance.

By following these safety instructions, you can ensure a safe and effective experience with your MAGNATIP 58 Bit Master Screwdriver Set. Thank you for your attention to safety and for choosing our product.
