# MAGNATIP® WOODEN BIT BLOCK Safety Instructions

## Introduction

Thank you for choosing the MAGNATIP® WOODEN BIT BLOCK. This guide provides essential safety instructions and guidelines for the safe use of this product. Please read this manual carefully to ensure a safe experience.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Keep the product out of reach of children to prevent accidents.
- Regularly inspect the block for any signs of damage or wear.
- Do not overload the block beyond its capacity of 75 MagnaTip bits.
- Store the block in a dry place to prevent moisture damage.

## Specific Safety Precautions for Use

- Use the block on a stable and flat surface to prevent tipping.
- Avoid using excessive force when inserting or removing bits.
- Do not use the block if it is damaged or shows signs of wear.
- If any bits are broken or damaged, replace them immediately to avoid injury.
- Always ensure that the bits are properly seated in their designated slots.

## Instructions for Installation and Usage

### 1. Placement:

- Choose a stable, flat surface for placing the wooden bit block.
- Ensure that the area is free from clutter to avoid accidents.

### 2. Loading Bits:

- Carefully insert the MagnaTip bits into the designated slots in the block.
- Ensure that each bit is fully inserted and secured in place.

### 3. Removing Bits:

- To remove a bit, gently pull it from its slot without using excessive force.
- Inspect the bit for any damage before reuse.

### 4. Maintenance:

- Wipe the block with a dry cloth to remove dust and debris.
- Avoid using water or cleaning solutions that may damage the wood.

## Disposal Instructions

- When the product reaches the end of its life cycle, dispose of it in accordance with local regulations.
- Ensure that the product is not disposed of in regular household waste.
- Consider recycling the wooden block if possible.
