BROWNELLS MAGNA-TIP SUPER SET BITS The Brownells Magna-Tip Super Set Bits are meticulously crafted for gunsmiths and firearm enthusiasts who demand precision and reliability in their tools. Each bit is made from hardened steel and features a hollow-ground design, ensuring a perfect fit in slotted screws and maximizing torque application. This design is particularly effective for loosening seized screws without causing damage. Key Features: Hardened Steel Construction: Provides exceptional durability and longevity, suitable for rigorous use in firearm maintenance. Hollow-Ground Design: Ensures a precise fit in slotted screws, allowing for maximum torque application and reducing the risk of cam-out or screw damage. Versatile Compatibility: Designed to work seamlessly with Brownells Magna-Tip handles, offering flexibility and ease of use across various firearm applications. Specifications: Bit Sizes: Available in various sizes to accommodate a wide range of screw slot dimensions. Material: Hardened steel with a hollow-ground tip. Customer Insights: Our customers highly value the Brownells Magna-Tip Super Set Bits for their precision and durability. The hollow-ground design provides a secure fit in screw slots, preventing slippage and potential damage during firearm maintenance. The compatibility with Magna-Tip handles enhances versatility, making these bits a staple in many gunsmiths' toolkits. Incorporating the Brownells Magna-Tip Super Set Bits into your firearm maintenance routine ensures you have the right tools to perform tasks with precision and confidence. Their specialized design and robust construction make them essential for achieving professional results in gunsmithing.

MAGNATIP SUPER SET BITS Safety Instruction Guide

Introduction

Thank you for choosing the MAGNATIP SUPER SET BITS by BROWNELLS. This guide provides essential safety instructions to ensure safe and effective use of the product. Please read the entire guide before using the product.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose: removing slotted grip screws.
- Always inspect the bits for any damage before use. Do not use damaged bits.
- Keep the product out of reach of children and vulnerable individuals.
- Store the bits in a dry place to prevent rust and damage.
- Report any unsafe products or accidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Use the MagnaTip screwdriver compatible with the bits for optimal performance.
- Ensure that the bit is securely inserted into the screwdriver before use.
- Do not apply excessive force when using the bits to avoid breakage.
- Wear safety glasses to protect your eyes from debris.
- Avoid using the bits in wet or damp conditions to prevent slippage.

Instructions for Installation and Usage

1. Installation of Bit:

- Select the appropriate MagnaTip bit based on the size of the grip screw (e.g., #3007 for a .300 diameter).
- Insert the selected bit into the MagnaTip screwdriver until it clicks into place.
- Ensure the bit is secure before proceeding.

2. Usage:

- Position the screwdriver with the bit over the grip screw.
- Turn the screwdriver counterclockwise to loosen the screw.
- If resistance is encountered, do not force the bit. Instead, check for proper alignment and secure fit.
- Once the screw is removed, store the bit safely.

3. PostUse Care:

- Clean the bits after use to remove any debris or residue.
- Store the bits in the designated case or holder to avoid damage.

Disposal Instructions

- Dispose of any damaged bits in accordance with local regulations for metal waste.
- Do not dispose of the product in household waste. Instead, recycle where possible.

Contact Information for Further Support

For any questions or concerns regarding the product, please refer to the manufacturer's customer support resources.

Thank you for your attention to these safety guidelines. Your safety is our priority. Enjoy using your MAGNATIP SUPER SET BITS responsibly!
