BROWNELLS MAGNA-TIP SUPER SET BITS The Brownells Magna-Tip Super Set Bits are meticulously crafted for gunsmiths and firearm enthusiasts who demand precision and reliability in their tools. Each bit is made from hardened steel and features a hollow-ground design, ensuring a perfect fit in slotted screws and maximizing torque application. This design is particularly effective for loosening seized screws without causing damage. Key Features: Hardened Steel Construction: Provides exceptional durability and longevity, suitable for rigorous use in firearm maintenance. Hollow-Ground Design: Ensures a precise fit in slotted screws, allowing for maximum torque application and reducing the risk of cam-out or screw damage. Versatile Compatibility: Designed to work seamlessly with Brownells Magna-Tip handles, offering flexibility and ease of use across various firearm applications. Specifications: Bit Sizes: Available in various sizes to accommodate a wide range of screw slot dimensions. Material: Hardened steel with a hollow-ground tip. Customer Insights: Our customers highly value the Brownells Magna-Tip Super Set Bits for their precision and durability. The hollow-ground design provides a secure fit in screw slots, preventing slippage and potential damage during firearm maintenance. The compatibility with Magna-Tip handles enhances versatility, making these bits a staple in many gunsmiths' toolkits. Incorporating the Brownells Magna-Tip Super Set Bits into your firearm maintenance routine ensures you have the right tools to perform tasks with precision and confidence. Their specialized design and robust construction make them essential for achieving professional results in gunsmithing.

Safety Instruction Guide for MAGNATIP SUPER SET BITS

Introduction

Thank you for choosing the Brownells MagnaTip Super Set Bits. These precision tools are designed for gunsmiths and firearm enthusiasts, ensuring reliability and safety during use. This guide provides essential safety instructions and guidelines to ensure a safe and effective experience with your tools.

General Safety Guidelines

- Always read and understand the user manual before using the product.
- Ensure that the work area is clean and free from hazards.
- Use the bits only for their intended purpose as specified in this guide.
- Keep tools out of reach of children and unauthorized users.
- Inspect tools for damage or wear before each use. Do not use damaged tools.
- Store tools in a safe, dry place when not in use.
- Follow all relevant local regulations regarding the use and storage of tools.

Specific Safety Precautions for Use

- Wear appropriate personal protective equipment (PPE) such as safety glasses and gloves to protect against debris and sharp edges.
- Always ensure the firearm is unloaded and safe before performing any maintenance.
- Use the bits with compatible Brownells MagnaTip handles to ensure proper fit and function.
- Apply torque gradually to avoid stripping screws or damaging the bits.
- Do not force the bits into screws; if resistance is felt, stop and assess the situation.
- Be cautious when working with seized screws to prevent injury or damage to the firearm.
- If tools become hot during use, allow them to cool before handling.

Instructions for Installation and Usage

1. Preparation:

- Ensure the work area is welllit and organized.
- Gather all necessary tools and materials, including the MagnaTip bits and handles.

2. Selecting the Right Bit:

- Choose the appropriate size of the MagnaTip bit for the screw you are working with. Refer to the specifications for compatibility.

3. Attaching the Bit:

- Insert the chosen MagnaTip bit into the compatible Brownells MagnaTip handle until it clicks into place.
- Ensure the bit is secure before proceeding.

4. Using the Bit:

- Align the bit with the screw head and apply gentle pressure while turning the handle.
- Increase torque gradually and monitor the fit to prevent slippage.
- If the screw is seized, apply penetrating oil and allow it to soak before attempting to loosen it.

5. After Use:

- Clean the bits and handles to remove any debris or residue.
- Store the bits in a designated storage case or holder to maintain their condition.

Disposal Instructions

- Dispose of any damaged or worn bits in accordance with local regulations.
- Recycle materials when possible, following local recycling guidelines.
- Do not dispose of tools in regular household waste if they are hazardous or contain harmful materials.
