## Perfect No-Slip, No-Scar Fit In Base & Ring Clamp Screws

BROWNELLS MAGNA-TIP® WINDAGE/CLAMP SCREW BITS The Brownells MAGNA-TIP® Windage/Clamp Screw Bits are precision-engineered tools designed to provide an exact, no-slip fit for virtually every scope base, ring, and windage/clamp screw used today. These custom-ground bits ensure maximum contact with screw slots, minimizing the risk of damage to both the screw and the firearm during installation or removal. Description and Features: Custom-Ground Precision: Each bit is meticulously ground to match the specific dimensions of various windage and clamp screws, ensuring a secure and precise fit. Durable Construction: Made from high-quality materials, these bits are designed to withstand the torque required for tightening or loosening screws without deforming or breaking. Compatibility: The bits are compatible with Brownells MAGNA-TIP® handles, allowing for versatile use across different firearms and applications. Available Options: Brownells offers specific bits tailored for different screw types: Leupold/Buehler Windage Screw Bit (SKU: 080430430): Designed specifically for Leupold and Buehler windage screws, providing a perfect fit to prevent slippage and damage. Redfield Windage Screw Bit (SKU: 080430400): Tailored for Redfield windage screws, ensuring precise engagement and ease of use. Ruger Clamp Screw Bit (080430435): Tailored for Ruger Clamp screws, ensuring precise engagement and ease of use. Weaver Clamp Screw Bit (080430625): Tailored for Weaver Clamp screws, ensuring precise engagement and ease of use. Customer Insights: Customers have expressed high satisfaction with the MAGNA-TIP® Windage/Clamp Screw Bits, highlighting their precision, effectiveness, and affordability. The exact fit and durable construction of these bits have been particularly appreciated, as they facilitate the secure installation and removal of scope base and ring screws without causing damage. Incorporating the Brownells MAGNA-TIP® Windage/Clamp Screw Bits into your gunsmithing toolkit ensures you have the specialized tools necessary for precise and safe scope mounting and adjustment tasks.

# Safety Instruction Guide for MAGNATIP® Windage/Clamp Screw Bits

## Introduction

Thank you for choosing the Brownells MAGNATIP® Windage/Clamp Screw Bits. These precisionengineered tools are designed to provide a secure fit for various scope bases, rings, and windage/clamp screws. This safety instruction guide is intended to ensure the safe and effective use of these tools, in compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- **Product Safety:** Ensure the safe use of the MAGNATIP® Windage/Clamp Screw Bits. These tools are designed for nonfood use and should be handled with care.
- **Enhanced Recalls:** Stay informed about any recall notices related to this product. In the event of a safety concern, free remedies will be provided.
- **Online Shopping Protections:** If purchased online, ensure that the seller meets all safety requirements as mandated by EU regulations.
- **Special Consumer Focus:** These tools are not intended for use by children. Ensure they are kept out of reach of minors.
- **EU Contact Point:** For safety inquiries, refer to the designated EUbased contact provided by the seller.
- **Rapid Alerts:** Monitor the EU's Safety Gate platform for updates on product safety and recalls.

## Specific Safety Precautions for Use

- **Personal Protective Equipment:** Always wear appropriate safety gear, including safety glasses, to protect against potential debris during use.
- **Inspect Tools Before Use:** Check the bits for any signs of damage or wear. Do not use damaged tools.
- **Avoid OverTightening:** Use the bits according to the manufacturer's recommendations to prevent damage to screws and tools.
- **Use Appropriate Handle:** Ensure that the bits are used with compatible MAGNATIP® handles for optimal performance.
- **Work in a Safe Environment:** Use these tools in a clean, dry, and welllit area to minimize risks.

## Instructions for Installation and Usage

1. **Select the Correct Bit:** Identify the appropriate MAGNATIP® Windage/Clamp Screw Bit for your specific screw type.
2. **Attach the Bit:** Securely attach the selected bit to a compatible MAGNATIP® handle.
3. **Position the Screw:** Align the bit with the screw head, ensuring a snug fit to prevent slippage.
4. **Tighten or Loosen the Screw:**
  - To tighten: Turn the handle clockwise until the screw is secure. Avoid overtightening.
  - To loosen: Turn the handle counterclockwise gently until the screw releases.
5. **Inspect the Installation:** After use, check the screw to ensure it is properly installed and not damaged.

## Disposal Instructions

- **Dispose of Responsibly:** When the MAGNATIP® Windage/Clamp Screw Bits reach the end of their useful life, dispose of them in accordance with local regulations.
- **Recycling:** If applicable, consider recycling the materials to minimize environmental impact.

## **Contact Information for Further Support**

For any inquiries regarding the MAGNATIP® Windage/Clamp Screw Bits, please refer to the contact information provided by the seller at the time of purchase.
