## Perfect No-Slip, No-Scar Fit In Base & Ring Clamp Screws

**BROWNELLS MAGNA-TIP® WINDAGE/CLAMP SCREW BITS** The Brownells MAGNA-TIP® Windage/Clamp Screw Bits are precision-engineered tools designed to provide an exact, no-slip fit for virtually every scope base, ring, and windage/clamp screw used today. These custom-ground bits ensure maximum contact with screw slots, minimizing the risk of damage to both the screw and the firearm during installation or removal. Description and Features: Custom-Ground Precision: Each bit is meticulously ground to match the specific dimensions of various windage and clamp screws, ensuring a secure and precise fit. Durable Construction: Made from high-quality materials, these bits are designed to withstand the torque required for tightening or loosening screws without deforming or breaking. Compatibility: The bits are compatible with Brownells MAGNA-TIP® handles, allowing for versatile use across different firearms and applications. Available Options: Brownells offers specific bits tailored for different screw types: Leupold/Buehler Windage Screw Bit (SKU: 080430430): Designed specifically for Leupold and Buehler windage screws, providing a perfect fit to prevent slippage and damage. Redfield Windage Screw Bit (SKU: 080430400): Tailored for Redfield windage screws, ensuring precise engagement and ease of use. Ruger Clamp Screw Bit (080430435): Tailored for Ruger Clamp screws, ensuring precise engagement and ease of use. Weaver Clamp Screw Bit (080430625): Tailored for Weaver Clamp screws, ensuring precise engagement and ease of use. Customer Insights: Customers have expressed high satisfaction with the MAGNA-TIP® Windage/Clamp Screw Bits, highlighting their precision, effectiveness, and affordability. The exact fit and durable construction of these bits have been particularly appreciated, as they facilitate the secure installation and removal of scope base and ring screws without causing damage. Incorporating the Brownells MAGNA-TIP® Windage/Clamp Screw Bits into your gunsmithing toolkit ensures you have the specialized tools necessary for precise and safe scope mounting and adjustment tasks.

## Attributes

- Name: [REDFIELD WINDAGE SCREW BIT DIA \(0.39\) THICKNESS \(0.08\)](#)
- Manufacturer: [BROWNELLS](#)
- Product no.: 080430400
- Mfr. No.:
- Bit Number: Red
- Blade Diameter: .390
- Blade Thickness: .080
- Color: -
- Handle: No Handle
- Handle Color: -
- Kit: -
- Make: -
- Material: -

- Model: -
- Model Number: Redfield Windage
- Style: Component
- Delivery weight: 0.018kg
- Shipping width: 83mm
- Shipping length: 146mm
- UPC: 050806012615

# Safety Instruction Guide for MAGNATIP® Windage/Clamp Screw Bits

## Introduction

Thank you for choosing the Brownells MAGNATIP® Windage/Clamp Screw Bits. These precisionengineered tools are designed to provide a secure and exact fit for various scope bases, rings, and windage/clamp screws. This guide aims to ensure your safe and effective use of these bits, in compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Always read and understand the instructions before using the MAGNATIP® Windage/Clamp Screw Bits.
- Ensure that the bits are used only for their intended purpose, which is to engage with specific windage and clamp screws.
- Keep these tools out of the reach of children and vulnerable individuals.
- Inspect the bits before each use for any signs of damage or wear. Do not use damaged bits.
- Use the bits in a welllit area to avoid accidents during installation or removal.
- Report any unsafe conditions or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE), such as safety goggles, when using the bits to prevent eye injuries.
- Avoid excessive force when tightening or loosening screws to prevent stripping or damaging the screw and the firearm.
- Ensure that the bit is fully seated in the screw slot before applying torque.
- Do not modify the bits in any way, as this may compromise their effectiveness and safety.
- Store the bits in a dry place, away from moisture and extreme temperatures, to maintain their integrity.

## Instructions for Installation and Usage

1. **Select the Correct Bit:** Choose the appropriate MAGNATIP® Windage/Clamp Screw Bit based on the type of screw you are working with (e.g., Redfield, Leupold/Buehler, Ruger, or Weaver).
2. **Prepare the Tool:** Attach the selected bit to a compatible Brownells MAGNATIP® handle.
3. **Align the Bit:** Position the bit directly over the screw slot. Ensure that it is aligned properly to avoid slipping.
4. **Apply Torque:**
  - For tightening: Turn the handle clockwise until the screw is secure, but do not overtighten.
  - For loosening: Turn the handle counterclockwise to remove the screw gently.
5. **Inspect the Installation:** After installation or removal, check the screw to ensure it is properly secured or removed without damage.

## Disposal Instructions

- Dispose of any damaged or worn bits in accordance with local regulations.
- Do not throw bits into regular waste. Check with local recycling programs for proper disposal methods for metal tools.
- Keep packaging materials out of reach of children and recycle them whenever possible.

## **Contact Information for Further Support**

For any inquiries or support regarding the MAGNATIP® Windage/Clamp Screw Bits, please refer to the contact details provided with your purchase or on the official Brownells website.

By following these safety instructions, you will ensure the proper use and longevity of your Brownells MAGNATIP® Windage/Clamp Screw Bits while adhering to safety regulations. Thank you for your attention to these important guidelines.
