## Perfect No-Slip, No-Scar Fit In Base & Ring Clamp Screws

BROWNELLS MAGNA-TIP® WINDAGE/CLAMP SCREW BITS The Brownells MAGNA-TIP® Windage/Clamp Screw Bits are precision-engineered tools designed to provide an exact, no-slip fit for virtually every scope base, ring, and windage/clamp screw used today. These custom-ground bits ensure maximum contact with screw slots, minimizing the risk of damage to both the screw and the firearm during installation or removal. Description and Features: Custom-Ground Precision: Each bit is meticulously ground to match the specific dimensions of various windage and clamp screws, ensuring a secure and precise fit. Durable Construction: Made from high-quality materials, these bits are designed to withstand the torque required for tightening or loosening screws without deforming or breaking. Compatibility: The bits are compatible with Brownells MAGNA-TIP® handles, allowing for versatile use across different firearms and applications. Available Options: Brownells offers specific bits tailored for different screw types: Leupold/Buehler Windage Screw Bit (SKU: 080430430): Designed specifically for Leupold and Buehler windage screws, providing a perfect fit to prevent slippage and damage. Redfield Windage Screw Bit (SKU: 080430400): Tailored for Redfield windage screws, ensuring precise engagement and ease of use. Ruger Clamp Screw Bit (080430435): Tailored for Ruger Clamp screws, ensuring precise engagement and ease of use. Weaver Clamp Screw Bit (080430625): Tailored for Weaver Clamp screws, ensuring precise engagement and ease of use. Customer Insights: Customers have expressed high satisfaction with the MAGNA-TIP® Windage/Clamp Screw Bits, highlighting their precision, effectiveness, and affordability. The exact fit and durable construction of these bits have been particularly appreciated, as they facilitate the secure installation and removal of scope base and ring screws without causing damage. Incorporating the Brownells MAGNA-TIP® Windage/Clamp Screw Bits into your gunsmithing toolkit ensures you have the specialized tools necessary for precise and safe scope mounting and adjustment tasks.

## Attributes

- Name: [RUGER CLAMP SCREW BIT DIA \(0.43\) THICKNESS \(0.83\)](#)
- Manufacturer: [BROWNELLS](#)
- Product no.: 080430435
- Mfr. No.:
- Make: Ruger
- Model: Universal Handguns
- Delivery weight: 0.018kg
- Shipping height: 1mm
- Shipping width: 83mm
- Shipping length: 146mm
- UPC: 050806012639

# Safety Instruction Guide for MAGNATIP® Windage/Clamp Screw Bits

## Introduction

Thank you for choosing the Brownells MAGNATIP® Windage/Clamp Screw Bits. These precisionengineered tools are designed to provide a secure fit for various scope bases, rings, and windage/clamp screws. This guide outlines essential safety instructions to ensure the safe and effective use of these tools in compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Ensure that the MAGNATIP® Windage/Clamp Screw Bits are used only for their intended purpose.
- Always inspect the bits for damage before use. Do not use damaged tools.
- Keep the bits out of reach of children and individuals who may not understand their use.
- Follow all manufacturer instructions and guidelines during use.
- Report any unsafe products or accidents to the relevant authorities.
- Check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE), such as safety glasses, when using tools.
- Ensure the work area is clean, dry, and welllit to prevent accidents.
- Use the correct bit size for the screw type to avoid slippage and damage.
- Do not apply excessive force when using the bits, as this may cause breakage or injury.
- Avoid using the bits on screws that are rusted or corroded, as this may increase the risk of damage.
- Store the bits in a safe, dry place when not in use to prevent damage and ensure longevity.

## Instructions for Installation and Usage

### 1. Preparation

- Gather all necessary tools and materials, including the MAGNATIP® Windage/Clamp Screw Bits and a compatible Brownells MAGNATIP® handle.
- Ensure the firearm is unloaded and safe to work on before beginning any installation or adjustment.

### 2. Selecting the Right Bit

- Choose the appropriate bit based on the screw type:
  - Leupold/Buehler Windage Screw Bit (SKU: 080430430)
  - Redfield Windage Screw Bit (SKU: 080430400)
  - Ruger Clamp Screw Bit (SKU: 080430435)
  - Weaver Clamp Screw Bit (SKU: 080430625)

### 3. Using the Bit

- Securely attach the chosen bit to the MAGNATIP® handle.
- Align the bit with the screw slot and ensure a proper fit.
- Turn the handle gently to tighten or loosen the screw. If resistance is met, do not force the bit; instead, check for alignment and fit.

### 4. PostUse Care

- After use, clean the bits to remove any debris or residue.
- Inspect the bits for wear or damage and replace if necessary.
- Store the bits in their designated case or holder to prevent loss or damage.

## **Disposal Instructions**

- Dispose of any damaged or worn bits in accordance with local regulations.
- Do not dispose of bits in regular household waste. Check for recycling options or hazardous waste disposal sites in your area.

## **Contact Information for Further Support**

For any inquiries regarding safety or product information, please refer to the manufacturer's website or contact their customer service team through the provided channels.

By following these safety instructions, you can ensure the safe and effective use of the Brownells MAGNATIP® Windage/Clamp Screw Bits. Thank you for your attention to safety and for choosing our products.
