

# SMITH & WESSON SIGHT NUT SPANNER - BROWNELLS S&W REAR SIGHT SPANNER 2 PACK

[Gunsmith Tools](#) > [Handgun Tools](#) > [Sight Tools](#)

## Parts Required For S&W Factory Rear Sights

MAGNA-TIP® Bit, made to fit the windage nut that secures the S&W rear sight leaf. To use: Drill out staking, hold nut with Spanner and unscrew the screw. To install: Hold new nut with Spanner and seat screw. Always turn the screw; never the nut. Because it is fragile, and can break if you turn it, the Spanner is not guaranteed against breakage.

## SAFETY INSTRUCTIONS

### Introduction

Thank you for choosing the SMITH & WESSON SIGHT NUT SPANNER. This product is designed to assist in the installation and removal of the rear sight nut on S&W firearms. Please read and follow these safety instructions carefully to ensure safe and effective use of the product.

### General Safety Guidelines

- Always use the product in accordance with the manufacturer's instructions.
- Ensure that the work area is clean and free of obstructions.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the Spanner for any damage before use. Do not use if damaged.
- Report any unsafe conditions or accidents to the appropriate authorities.
- Stay informed about product recalls and safety alerts through the EU's Safety Gate platform.

### Specific Safety Precautions for Use

- Use the Spanner only for its intended purpose: to hold the rear sight nut while installing or removing screws.
- Always turn the screw, not the nut, to prevent damage to the Spanner or the nut.
- If the Spanner feels stuck or difficult to turn, stop using it and inspect for any obstructions or damage.
- Be cautious when drilling out staking; ensure proper eye protection is worn to avoid injury from metal shavings.
- Handle the Spanner with care, as it is fragile and can break if excessive force is applied.

### Instructions for Installation and Usage

#### To Remove the Rear Sight Nut:

1. **Preparation:** Ensure the firearm is unloaded and safe to work on.
2. **Drill Out Staking:** Carefully drill out any staking material that may be securing the nut. Wear appropriate eye protection.
3. **Hold the Nut:** Use the Spanner to securely hold the windage nut.
4. **Unscrew the Screw:** Turn the screw counterclockwise to remove it. Always turn the screw, never the nut.

#### To Install the New Rear Sight Nut:

1. **Preparation:** Ensure the firearm is unloaded and safe to work on.
2. **Hold the New Nut:** Use the Spanner to hold the new windage nut in place.
3. **Seat the Screw:** Insert the screw and turn it clockwise to secure it. Always turn the screw, never the nut.

### Disposal Instructions

- Dispose of the product according to local regulations regarding electronic and mechanical waste.
- Do not dispose of the product in regular household waste.

## **Contact Information for Further Support**

For any questions or concerns regarding the SMITH & WESSON SIGHT NUT SPANNER, please refer to the manufacturer's contact information provided with your product packaging.

Thank you for your attention to these safety instructions. Your safety is our priority.
