TORX® BITS STAR BITS TORX BIT 10 PIECE SET

Safety Instructions

Introduction

Thank you for choosing the TORX® BITS STAR BITS TORX BIT 10 PIECE SET. This set is designed for various applications, including scope rings, bases, automotive work, and appliances. To ensure safe and effective use of these tools, please carefully read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Always use the bits as intended and for their designed purpose.
- Inspect the bits before each use for any signs of damage or wear.
- Keep the bits away from children and unauthorized users.
- Use appropriate personal protective equipment (PPE) such as safety goggles and gloves when using the bits.
- Store the bits in a safe, dry place when not in use to prevent damage and accidents.
- Follow all manufacturer instructions and guidelines for any equipment used with the bits.

Specific Safety Precautions for Use

- Ensure that the bit is securely attached to the screwdriver or power tool before use.
- Do not force the bits into fasteners; if resistance is felt, stop and assess the situation.
- Use the correct size bit for the fastener to prevent stripping or breaking.
- Avoid using damaged or worn bits, as they can cause injury or damage to the workpiece.
- Do not use the bits in wet or damp conditions to avoid slipping and electrical hazards.

Instructions for Installation and Usage

- Before using the TORX® bits, ensure that you have the following:
 - A compatible screwdriver or power tool with a ¼" (6.3mm) shank.
 - The appropriate TORX® bit for your application (T5, T6, T7, T8, T9, T10, T15, T20, T25, T30).
- To install the bit:
 1. Select the desired TORX® bit from the set.
 2. Insert the bit into the chuck of your screwdriver or power tool.
 3. Ensure the bit is fully seated and secure.
- To use the bit:
 1. Position the bit over the fastener head.
 2. Apply gentle pressure and turn the screwdriver or power tool in a clockwise direction to tighten, or counterclockwise to loosen.
 3. If the fastener does not move, stop and check for any issues before proceeding.

Disposal Instructions

- Dispose of any damaged bits in accordance with local regulations.
- Recycle packaging materials whenever possible.
- Do not dispose of bits in regular household waste; follow your local electronic waste disposal guidelines.

Contact Information for Further Support

For further support, please refer to the manufacturer's website or contact your local retailer. Ensure that you have the product information at hand for any inquiries.

Thank you for your attention to these safety instructions. Proper use and care of your TORX® BITS will ensure their longevity and effectiveness, helping you complete your projects safely and efficiently.
