

FIXED BLADE GUNSMITH'S SCREWDRIVERS"! - FIXED BLADE SCREWDRIVER #17, .34 SHANK, .050 BLADE THICKNESS

[Gunsmith Tools & Supplies](#) > [General Gunsmith Tools](#) > [Screwdrivers & Sets](#) > [Single Screwdrivers](#)

BROWNELL'S FIXED BLADE GUNSMITH'S SCREWDRIVERS The Brownells Fixed-Blade Gunsmith's Screwdrivers are meticulously designed for gunsmiths and firearm enthusiasts who demand precision and reliability in their tools. Each screwdriver features a custom, precision-ground, hollow-ground blade tip that ensures a perfect fit in gun screws, distributing torque evenly to prevent damage. The short blade length of 2½ inches provides maximum control and minimizes wobble during use. The long parallel shank maintains the same diameter as the blade width, allowing for repeated regrinding and access to recessed screws. Handles are custom-made to fit comfortably in the hand, offering a secure grip for both large, tight screws and delicate, small screws.

Key Features:

- Precision-Ground Blade Tips:** Custom, hollow-ground tips provide maximum strength and a perfect fit in screw slots, preventing damage.
- Short Blade Length:** 2½-inch blades offer enhanced control and reduce wobble during use.
- Parallel Shank Design:** Maintains blade width for easy regrinding and access to recessed screws.
- Comfortable Handles:** Custom-designed handles fit well in the hand, providing a secure grip for various screw sizes.

Specifications: Blade Length: 2½ inches Handle Length: 3¾ inches Handle Diameter: 1 inch Material: Hardened steel shank with custom handle

Customer Insights: Our customers highly value the Brownells Fixed-Blade Gunsmith's Screwdrivers for their exceptional precision and durability. The custom, precision-ground blade tips are particularly appreciated for their perfect fit in gun screws, effectively preventing damage during adjustments. The short blade length enhances control, making delicate tasks more manageable. Additionally, the comfortable handle design provides a secure grip, accommodating both large and small screws with ease. Overall, these screwdrivers are considered indispensable tools for both professional gunsmiths and firearm enthusiasts. Incorporating the Brownells Fixed-Blade Gunsmith's Screwdrivers into your toolkit ensures precise and reliable performance for all your firearm maintenance and customization needs. Their specialized design and high-quality construction make them essential tools for achieving professional results.

Safety Instruction Guide for Brownells FixedBlade Gunsmith's Screwdrivers

Introduction

Thank you for choosing the Brownells FixedBlade Gunsmith's Screwdrivers. These tools are designed to provide precision and reliability for gunsmiths and firearm enthusiasts. This safety instruction guide outlines important safety guidelines, precautions, and instructions to ensure safe and effective use of the product. Please read this guide carefully before using the screwdrivers.

General Safety Guidelines

- Ensure that the screwdrivers are used only for their intended purpose.
- Always inspect the screwdrivers for any signs of damage or wear before use.
- Keep the screwdrivers out of reach of children and vulnerable individuals.
- Use the screwdrivers in a welllit area to improve visibility.
- Wear appropriate personal protective equipment, such as safety glasses, when using the tools.
- If you experience any discomfort or notice any irregularities while using the screwdrivers, stop using them immediately.

Specific Safety Precautions for Use

- **Blade Handling:**
 - Always handle the screwdrivers by the handle, avoiding contact with the blade.
 - Do not use excessive force when turning screws to prevent slipping and potential injury.
- **Screw Compatibility:**
 - Ensure that the screwdriver tip fits the screw slot properly to avoid stripping the screw.
 - Do not use the screwdriver on screws that are too large or too small for the blade.
- **Work Environment:**
 - Avoid using the screwdrivers in wet or damp conditions to prevent slips and falls.
 - Keep the work area free of clutter to reduce the risk of accidents.
- **Storage:**
 - Store the screwdrivers in a dry place and in their original packaging or a designated tool organizer to prevent damage.
 - Do not leave the screwdrivers exposed to extreme temperatures or direct sunlight.

Instructions for Installation and Usage

1. Choosing the Right Screwdriver:

- Select the appropriate screwdriver based on the size and type of screw you are working with.

2. Using the Screwdriver:

- Position the screwdriver tip into the screw slot firmly.
- Turn the handle clockwise to tighten or counterclockwise to loosen the screw.

- Apply steady pressure while turning to maintain control and prevent slipping.

3. Maintenance:

- Clean the screwdrivers after use to remove any debris or residue.
- Inspect the blade for any signs of damage or wear; replace if necessary.

4. Safety Checks:

- Before each use, check that the handle is securely attached and that the blade is not damaged.
- If any part of the screwdriver appears damaged, do not use it until it has been repaired or replaced.

Disposal Instructions

- Dispose of the screwdrivers in accordance with local regulations regarding metal and tool disposal.
- If the screwdrivers are damaged beyond repair, consider recycling where possible to minimize environmental impact.

Contact Information for Further Support

For any safety inquiries or additional support regarding the Brownells FixedBlade Gunsmith's Screwdrivers, please refer to the contact information provided on the packaging or the manufacturer's website.

By following these guidelines, you can ensure safe and effective use of your Brownells FixedBlade Gunsmith's Screwdrivers. Thank you for prioritizing safety in your firearms maintenance and customization tasks.
