Safety Instruction Guide for .38.45 BASIC CHAMFERING KIT

Introduction

Thank you for choosing the .38.45 BASIC CHAMFERING KIT. This guide provides essential safety instructions and information to ensure the safe and effective use of the kit. Please read this guide carefully before using the product.

General Safety Guidelines

- Ensure the product is used in accordance with the manufacturer's instructions.
- Always wear appropriate safety gear, including safety glasses and gloves, when using the chamfering kit.
- Keep the kit out of reach of children and vulnerable individuals.
- Inspect the kit before each use to ensure all components are in good condition.
- Do not use the kit for any purpose other than its intended use.
- Report any unsafe products or accidents to the relevant authorities.

Specific Safety Precautions for Use

- Use the chamfer cutter only on compatible calibers: .38/357, 41, 44, and 45 calibers.
- Ensure the tool extension rod is securely attached before use to prevent accidents.
- Always use the centering guide to ensure proper alignment during chamfering.
- Do not force the cutter; if resistance is felt, stop and check for obstructions.
- Avoid wearing loose clothing or jewelry that may get caught in the tool.
- Store the kit in a dry place to prevent rust and deterioration of components.

Instructions for Installation and Usage

1. Unpack the Kit

- Open the kit box and ensure all components are present: Handle, Tool Extension Rod, Centering Guide, Chamfer Cutter (5°, 11°, or 18°), Breaker Bar, Allen Wrench.

2. Assemble the Kit

- Attach the Tool Extension Rod to the Handle securely.
- Insert the desired Chamfer Cutter into the Tool Extension Rod.
- Ensure the Centring Guide is in place for accurate alignment.

3. Using the Chamfering Kit

- Place the firearm or component on a stable surface.
- Align the Centring Guide with the opening to be chamfered.
- Gently apply pressure while rotating the Handle to chamfer the edge.
- After use, clean the Chamfer Cutter and store it properly.

4. Disassembling the Kit

- After use, carefully remove the Chamfer Cutter from the Tool Extension Rod using the Breaker Bar if necessary.
- Disassemble the Tool Extension Rod from the Handle and store all components in the kit box.

Disposal Instructions

- Dispose of the kit and its components in accordance with local regulations.
- Do not dispose of the kit in household waste. Check for local recycling options or hazardous waste disposal facilities.

Contact Information for Further Support

For any safety inquiries or additional support, please refer to the manufacturer's contact details provided with the product packaging.

By following these guidelines, you can ensure a safe and effective experience with your .38.45 BASIC CHAMFERING KIT. Thank you for prioritizing safety!
