# Safety Instruction Guide for the 11° .38.45 Intermediate Chamfering Kit

## Introduction

Thank you for choosing the 11° .38.45 Intermediate Chamfering Kit. This guide provides essential safety instructions to ensure the safe and effective use of the product. Please read this document carefully before using the kit to avoid any potential hazards.

## General Safety Guidelines

- Always use the product according to the manufacturer's instructions.
- Keep the kit out of reach of children and vulnerable individuals.
- Inspect the kit for any visible damage before use. Do not use if damaged.
- Ensure you are in a wellventilated area when using this kit.
- Use appropriate personal protective equipment (PPE), such as safety goggles and gloves.
- Be aware of your surroundings and ensure no one is in your immediate area when operating the kit.

## Specific Safety Precautions for Use

- **Hazard Identification:**

- Sharp edges: The cutter and pilot can cause cuts. Handle with care.
- Dust: Chamfering can produce metal shavings and dust. Wear a mask to avoid inhalation.
- Injury: Improper use can lead to personal injury. Always follow instructions.

- **Avoiding Hazards:**

- Always secure the workpiece properly before using the cutter.
- Never attempt to modify the cutter or pilot.
- Do not use the kit for purposes other than intended.
- Ensure the tool is turned off and unplugged when changing cutters or pilots.

## Instructions for Installation and Usage

- **Installation:**

1. Select the appropriate cutter and pilot for your project.
2. Ensure the tool is turned off and unplugged.
3. Securely attach the cutter to the tool according to the manufacturer's instructions.
4. Insert the pilot into the designated area and secure it properly.

- **Usage:**

1. Place the workpiece securely in a vise or clamp.
2. Ensure the cutter is aligned with the edge of the workpiece.
3. Turn on the tool and gently apply pressure to the cutter.
4. Move the tool steadily along the workpiece, allowing the cutter to perform the chamfering.
5. Once completed, turn off the tool and unplug it before removing the workpiece.

## **Disposal Instructions**

- Dispose of the kit and any used components in accordance with local regulations.
- Do not dispose of the kit in regular household waste.
- Check for any specific recycling programs for tools and materials in your area.

## **Contact Information for Further Support**

For any questions or concerns regarding the use of the 11° .38.45 Intermediate Chamfering Kit, please reach out to your local dealer or the manufacturer's support services. Always refer to the product packaging for specific contact details.

## **Conclusion**

Following these safety instructions will help ensure a safe and effective experience with your 11° .38.45 Intermediate Chamfering Kit. Always prioritize safety and do not hesitate to seek assistance if needed. Thank you for your attention to these guidelines.
