# Safety Instruction Guide for the 11° .38.45 Intermediate Chamfering Kit

## Introduction

Thank you for purchasing the 11° .38.45 Intermediate Chamfering Kit. This guide provides essential safety instructions to ensure the safe use of this product. Please read the entire guide carefully before using the kit to avoid any hazards.

## General Safety Guidelines

- Always use the product in accordance with the manufacturer's instructions.
- Keep the kit out of reach of children and vulnerable individuals.
- Inspect the kit for any damage or wear before each use. Do not use if damaged.
- Use appropriate personal protective equipment (PPE), such as safety glasses and gloves, when operating the kit.
- Ensure your workspace is clean, dry, and welllit to prevent accidents.
- Be aware of your surroundings and ensure no one is in close proximity while using the kit.

## Specific Safety Precautions for Use

- **Potential Hazards:** Sharp edges on cutters can cause cuts or injuries. Improper handling may lead to accidents or equipment damage. Dust generated during use may be harmful if inhaled.
- **Instructions to Avoid Hazards:** Always handle the cutters with care and store them securely when not in use. Use a suitable dust mask to avoid inhaling any dust produced during chamfering. Never attempt to modify or alter the kit in any way.
- **Age and Audience Specific Warnings:** This product is intended for adult use only. Keep out of reach of children. Ensure that anyone using the kit has adequate training and understands the risks involved.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure you have a clean and safe workspace.
- Gather all necessary tools and safety equipment.
- Read through the instructions thoroughly before beginning.

### 2. Installation:

- Select the appropriate cutter and pilot for your specific application.
- Securely attach the cutter to the tool according to the manufacturer's guidelines.
- Make sure all components are tightly fitted and check for stability.

### 3. Usage:

- Position the workpiece securely before starting.
- Start the tool at a low speed to gauge the material response.
- Gradually increase speed as necessary, ensuring consistent pressure.
- Regularly check the workpiece and tool for any signs of wear or damage.
- After completing the chamfering, turn off the tool and clean the area.

## Disposal Instructions

- Dispose of the kit and any components in accordance with local regulations.
- Do not dispose of the kit in regular household waste if it contains hazardous materials.
- Consider recycling components where possible to minimize environmental impact.

## Contact Information for Further Support

For any safety inquiries or support regarding the 11° .38.45 Intermediate Chamfering Kit, please refer to the manufacturer's contact information provided with the product packaging.

By following these safety instructions, you can help ensure a safe and effective experience with your chamfering kit. Always prioritize safety and adhere to the guidelines outlined in this document.
